CONSTITUTION

OF THE

State of North Carolina

PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof, and for the better government of this State, ordain and establish this Constitution:

ARTICLE I

DECLARATION OF RIGHTS

That the great, general and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and Government of the United States, and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare:

SECTION 1. *The equality and rights of persons.* That we hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

SEC. 2. *Political power and government.* That all political power is vested in, and derived from, the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

SEC. 3. *Internal government of the State.* That the people of this State have the inherent, sole and exclusive right of regulating the internal government and police thereof, and of altering and abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right should be exercised in pursuance of law, and consistently with the Constitution of the United States.

SEC. 4. *That there is no right to secede.* That this State shall ever remain a member of the American Union; that the people thereof are a part of the American Nation; that there is no right on the part of the State to secede, and that all attempts, from whatever source or upon whatever pretext, to dissolve said Union or to sever said Nation, ought to be resisted with the whole power of the State.

SEC. 5. *Of allegiance to the United States Government.* That every citizen of this State owes paramount allegiance to the Constitution and Government of the United States, and that no law or ordinance of the State in contravention or subversion thereof can have any binding force.

SEC. 6. *Public debt; bonds issued under ordinance of Convention of 1868, '68-'69, '69-'70, declared invalid; exception.* The State shall never assume or pay, or authorize the collection of any debt or obligation, express or implied, incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave; nor shall the General Assembly assume or pay; or authorize the collection of any tax to pay, either directly or indirectly, expressed or implied, any debt or bond incurred, or issued, by authority of the Convention of the year one thousand eight hundred and sixty-eight, nor any debt or bond incurred or issued by the Legislature of the year one thousand eight hundred and sixty-eight, either at its special session of the year one thousand eight hundred and sixty-eight, or at its regular sessions of the years one thousand eight hundred and sixty-eight and one thousand eight hundred and sixty-nine, and one thousand eight hundred and sixty-nine and one thousand eight hundred and seventy, except the bonds issued to fund the interest on the old debt of the State, unless the proposing to pay the same shall have first been submitted to the people and by them ratified by the vote of a majority of all the qualified voters of the State, at a regular election held for that purpose.

SEC. 7 *Exclusive emoluments, et cetera.* No person or set of persons are entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

SEC. 8. *The legislative, executive and judicial powers distinct.* The legislative, executive, and supreme judicial powers of the government ought to be forever separate and distinct from each other.

SEC. 9. *Of the power of suspending laws.* All power of suspending laws, or the execution of laws, by any authority, without the consent of the representatives of the people, is injurious to their rights, and ought not to be exercised.

SEC. 10. *Elections free.* All elections ought to be free.

SEC. 11. *In criminal prosecutions.* In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

SEC. 12. *Answers to criminal charges.* No person shall be put to answer any criminal charge except as hereinafter allowed, but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the Legislature shall prescribe, waive indictment in all except capital cases.

SEC. 13. *Right of jury.* No person shall be convicted of any crime but by the unanimous verdict of a jury of good and lawful persons in open court. The Legislature may, however, provide other means of trial, for petty misdemeanors, with the right of appeal.

SEC. 14. *Excessive bail.* Excessive bail should not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

SEC. 15. *General warrants.* General warrants, whereby any officer or messenger may be commanded to search suspected places, without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and ought not to be granted.

SEC. 16. *Imprisonment for debt.* There shall be no imprisonment for debt in this State, except in cases of fraud.

SEC. 17. *No persons taken, etc., but by law of land.* No person ought to be taken, imprisoned or disseized of his freehold, liberties, or privileges, or outlawed or exiled, or in any manner deprived of his life, liberty or property, but by the law of the land.

SEC. 19. *Controversies at law respecting property.* In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and ought to remain sacred and inviolable. No person shall be excluded from jury service on account of sex.

SEC. 20. *Freedom of the press.* The freedom of the press is one of the great bulwarks of liberty, and therefore ought never to be restrained, but every individual shall be held responsible for the abuse of the same.

SEC. 21. *Habeas corpus.* The privileges of the writ of habeas corpus shall not be suspended.

SEC. 22. *Property qualification.* As political rights and privileges are not dependent upon, or modified by, property, therefore no property qualification ought to affect the right to vote or hold office.

SEC. 24. *Militia and the right to bear arms.* A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they ought not to be kept up, and the military should be kept under strict subordination to, and governed by, the civil power. Nothing herein contained shall justify the practice of carrying concealed weapons, or prevent the Legislature from enacting penal statutes against said practice.

SEC. 25. *Right of the people to assemble together.* The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the Legislature for redress of grievances. But secret political societies are dangerous to the liberties of a free people, and should not be tolerated.

SEC. 31. *Perpetuities, etc.* Perpetuities and monopolies are contrary to the genius of a free State, and ought not to be allowed.

SEC. 32. *Ex post facto laws.* Retrospective laws, punishing acts committed before the existence of such laws, and by them only declared criminal, are oppressive, unjust, and incompatible with liberty; wherefore no *ex post facto law* ought to be made. No law taxing retrospectively sales, purchases, or other acts previously done, ought to be passed.

SEC. 33. *Slavery prohibited.* Slavery and involuntary servitude, otherwise than for crime, whereof the parties shall have been duly convicted, shall be, and are hereby, forever prohibited within the State.

The Chief Justice, when in his opinion the public interest so requires, may assign any Superior Court Judge to hold one or more terms of Superior Court in any district.

SEC. 12. *Jurisdiction of courts inferior to Supreme Court.* The General Assembly shall have no power to deprive the judicial department of any power or jurisdiction which rightfully pertains to it as a coordinate department of the government; but the General Assembly shall allot and distribute that portion of this power and jurisdiction which does not pertain to the Supreme Court among the other courts prescribed in this Constitution or which may be established by law, in such manner as it may deem best; provide also a proper system of appeals; and regulate by law, when necessary, the methods of proceeding in the exercise of their powers of all the courts below the Supreme Court, so far as the same may be done without conflict with other provisions of this Constitution.

SEC. 13. *In case of waiver of trial by jury.* In all issues of fact, joined in any court, the parties may waive the right to have the same determined by a jury; in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

They shall hold their offices for eight years. The judges of the Superior Courts, elected at the first election under this amendment, shall be elected in like manner as is provided for Justices of the Supreme Court, and shall hold their office for eight years. The General Assembly may, from time to time, provide by law that the judges of the Superior Courts, chosen at succeeding elections, instead of being elected by the voters of the whole State, as is herein provided for, shall be elected by the voters of their respective districts.

SEC. 22. *Transaction of business in the Superior Courts.* The Superior Courts shall be, at all times, open for the transaction of all business within their jurisdiction, except the trial of issues of fact requiring a jury.

SEC. 23. *Solicitors and Solicitorial Districts.* The State shall be divided into twenty-one solicitorial districts, for each of which a solicitor shall be chosen by the qualified voters thereof, as is prescribed for members of the General Assembly, who shall hold office for the term of four years, and prosecute on behalf of the State in all criminal actions in the Superior Courts, and advise the officers of justice in his district. But the General Assembly may reduce or increase the number of solicitorial districts, which need not correspond to, or be the same as, the judicial districts of the State.

SEC. 24. *Sheriffs and Coroners.* In each county a sheriff and a coroner shall be elected by the qualified voters thereof as is prescribed for the members of the General Assembly, and shall hold their offices for a period of four years. In each township there shall be a constable elected in like manner by the voters thereof, who shall hold his office for a period of two years. AN ACT TO REGULATE THE SALE OF CERTAIN VEGETABLE PLANTS OFFERED FOR THE PURPOSE OF TRANSPLANTING AND PROPAGATION.

The General Assembly of North Carolina do enact:

Section 1. This Act shall be known as the "Vegetable Plant Law."

Sec. 2. The purpose of this Act is to improve vegetable practices in North Carolina and to enable vegetable producers to secure vegetable plants for transplanting that are free from diseases and insects, and in order to prevent the spread of diseases and insects affecting the future stability of the vegetable industry and the general welfare of the public.

Sec. 3. As used in this Act, the word "standards", as applied to vegetable plants, includes the qualities of color, freshness, firmness, strength,

straightness, and unbroken condition and freedom from injurious insects, diseases and nematodes and means the standards with respect thereto as established and fixed either by the International Crop Improvement Association or an officially recognized certifying or inspecting agency of a state.

As used in this Act, the word "certified vegetable plants for transplanting", shall mean plants which have been tagged or labelled so as to indicate that such plants have been inspected by an authorized agent of an officially recognized state inspecting or certifying agency of some state, and found to conform to the appropriate standards, however, in the discretion of the Commissioner of Agriculture this does not necessarily imply certification for variety purity.

As used in this Act, the words "plants" or "vegetable plants" shall mean pepper, eggplant, sweet potato, onion, cabbage and tomato plants intended for transplanting purposes and such other vegetable plants intended for transplanting purposes as the State Board of Agriculture may designate by regulation in order to protect the vegetable industry.

Sec. 4. It shall be unlawful for any person, firm, or corporation to pack for sale, offer or expose for sale, or ship into this State any vegetable plants which do not meet the appropriate standards and which have not been appropriately tagged or labelled as certified vegetable plants for transplanting.

Sec. 5. The State Board of Agriculture is hereby authorized to adopt reasonable rules and regulations to carry out the provisions of this Act.

Sec. 6. To enforce the provisions of this Act effectively, the Commissioner of Agriculture and his duly authorized agents are authorized to inspect vegetable plants, and may enter any place of business, warehouse, common carrier or other places where such vegetable plants are stored or being held, for the purpose of making such an inspection; and it shall be unlawful for any person, firm or corporation in custody of such vegetable plants or of the place in which the same are held to interfere with the Commissioner or his duly authorized agents in making such inspections. When the Commissioner or his authorized inspectors find vegetable plants being held, offered or exposed for sale in violation of any of the provisions of this Act or any rule or regulation adopted pursuant thereto, he may issue a written or printed "Stop Sale" order to the owner or custodian of any such vegetable plants and it shall be unlawful for anyone, after receipt of such "Stop Sale" order, to sell for transplanting purposes any plants in respect to which such order has been issued unless and until so authorized by the Commissioner or his agent or a court of competent jurisdiction.

Sec. 7. Any person, firm or corporation violating any of the provisions of this Act or any rule or regulation promulgated pursuant thereto shall be guilty of a misdemeanor and punished by fine or imprisonment, or both, in the discretion of the court. Whenever the Commissioner of Agriculture becomes cognizant of any violations of the provisions of this Act, or regulations pursuant thereto, he shall immediately notify in writing the person, firm or corporation if same be known. Any party so notified shall be given

an opportunity to be heard under such rules and regulations as may be prescribed by the Commissioner and the Board of Agriculture. If it appears that any of the provisions of this Act have been violated, the Commissioner of Agriculture shall certify the facts to the solicitor in the district in which the inspection was made and furnish that officer with a copy of the results of the inspection of such vegetable plants thereof duly authenticated by the inspector making such inspection, under the oath of such inspector. Nothing in this Section shall operate to prevent the Commissioner from issuing a "Stop Sale" order pursuant to the provisions of this Act.

Sec. 8. Notwithstanding any other provision of this Act, the Commissioner of Agriculture is authorized when the public necessity, welfare, economy, or any emergency situation requires it, to permit for such periods of time as, in his discretion may seem necessary, the sale of vegetable plants for transplanting purposes which do not meet the standards referred to in Section 3 of this Act.

Sec. 9. This Act shall not apply to the sale by a grower or a retail merchant of vegetable plants grown within this State when such sale is made for home or garden or any other non-commercial use. The provisions of this Act shall not apply to the sale of vegetable plants for transplanting purposes in this State when grown within this State and sold by a plant producer to a planter having personal knowledge of the conditions under which such vegetable plants were grown or produced.

Sec. 10. All laws and clauses of laws in conflict with this Act are hereby repealed.

H. B. 185 CHAPTER 118

AN ACT TO AUTHORIZE THE REASSESSMENT AND REVALUATION OF REAL PROPERTY IN WILSON COUNTY FOR AD VALOREM TAX PURPOSES AND TO AUTHORIZE THE BOARD OF COUNTY COMMISSIONERS OF WILSON COUNTY TO EMPLOY EXPERTS AND TO ENTER INTO THE NECESSARY CONTRACTS FOR SAID SERVICE AND TO AUTHORIZE THE LEVYING OF A SPECIAL TAX THEREFOR.

WHEREAS, Wilson County has not had an actual and thorough reassessment, revaluation and reappraisal of the real property in said county for ad valorem tax purposes for a long number of years, which has resulted in real property tax valuations in said county becoming seriously unequalized and many inequities exist, which result in a great many persons, firms and corporations not being required to pay their fair share of taxes because of said property valuations; and

WHEREAS, there have resulted many unjust situations whereby many new improvements constructed in recent years on real estate may be escaping taxation or may be assessed or assigned to valuation, if on the tax books, at a disproportionate valuation in comparison with other properties;

and likewise there may exist various situations wherein vacant properties are on the tax books at the present valuation as vacant property, and many valuable residences and buildings of other nature have been constructed on said property, and various types of situations exist with reference to the real estate in said county which result in the inequitable and unjust situations as between various classes, kinds, and types of taxpayers, as related to their properties; and

WHEREAS, because of the magnitude of the task involved in effectuating a complete, thorough, just and proper revaluation and reassessment of property in Wilson County the expenses thereof might have to be made from the proceeds of a special tax levy, such expenses not being ordinarily an annual recurring expense which is ordinarily provided for in the annual budget of the county, and it is necessary to employ trained experts, skilled in appraising and fixing valuations of property who have no personal interest in the property in the county and will, therefore, not be subjected to various pressures and influences; and

WHEREAS, this process of reassessment and revaluation will take considerable time and it will be necessary to enter into contracts with experts, to set up and operate revaluation machinery, and it is desired that said contracts shall exist for a sufficient length of time and that authority be vested in the board of commissioners to enter into said contract, and that funds be accumulated and that the county auditor be authorized to approve the vouchers necessary for the payment of said expenses: Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. The Board of Commissioners of Wilson County is hereby authorized, in its discretion, to order and carry through a complete reassessment and revaluation of all of the taxable real property, including any and all buildings, improvements and fixtures thereon located in the County of Wilson, for ad valorem tax purposes. The assessment and revaluation, except as herein provided, may be effectuated in the same manner as regular quadrennial reassessments and revaluations are carried out under the provisions of subchapter II of Chapter 105 of the General Statutes, as amended, and all the provisions of said subchapter II of Chapter 105 of the General Statutes, except as hereinafter provided, shall apply to such revaluation and reassessment.

Sec. 2. The said revaluation and reassessment herein authorized shall be initiated, carried out and completed to the end that said new revaluations and said new reassessments shall be available and in force and effect at the time taxes are levied in the year 1959, but if said revaluation and reassessment is not completed and available before the time of levying taxes in 1959, then taxes may be levied on the basis of such revaluation and such reassessment in any appropriate tax year in which said revaluations and reassessments have been completed and are available for use as a basis for taxation.

Sec. 3. The county board of equalization and review shall convene and hold its first meeting on the third Monday following the completion of said

revaluation and assessment, and may adjourn from time to time as its duties may require; but it shall complete its duties not later than the third Monday following its first meeting.

Sec. 4. In order to defray the extraordinary expenses of carrying through the reassessment and revaluation authorized in this Act, the Board of Commissioners of Wilson County is hereby authorized in its discretion to levy in the fiscal year 1959-60 a special tax not in excess of eight cents (8¢) on each one hundred dollars ($100.00) valuation of property in said County of Wilson. The proceeds derived from said taxes shall be placed in a special fund and accumulated for the purpose of defraying the cost and expenses of said revaluation and reassessment and said Board of County Commissioners of Wilson County is authorized and empowered at any time to appropriate said funds and spend the same in their discretion for the purpose of effectuating said revaluation and reassessment authorized by this Act. The said board of county commissioners is authorized and empowered to enter into any and all necessary contracts to procure the services of engineers, firms, appraisers, experts and any and all necessary assistance which in the discretion of said board is found to be proper and necessary. The said Board of County Commissioners of Wilson County is authorized to enter into contracts for said purposes and to procure said assistance and experts and if necessary said contracts shall extend beyond the term of office of any member of said board, and beyond the end of any fiscal year, and whether or not sufficient funds have been accumulated at the time of entering into said contracts to pay off and discharge the obligations for the services contemplated by said contracts, and the said County Auditor of Wilson County is hereby authorized to countersign and approve vouchers for the application and payment of funds on said contracts whether or not all of the tax funds and proceeds herein authorized have been accumulated at any one time to pay off and discharge all of the monies due or that may become due on said contracts, and said county auditor shall not be liable, either civilly or criminally, for approving said vouchers as provided by this Act. The Board of County Commissioners of Wilson County in addition to the experts and appraisers may employ any and all necessary clerical assistance and provide machinery, equipment and office fixtures for the purpose of said revaluation and reassessment.

Sec. 5. In the event there shall remain any excess of funds from the proceeds of said tax levy after revaluations and reassessments are in effect and all taxes paid, then such excess shall be paid into the general fund of the county.

Sec. 6. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 7. This Act shall be in full force and effect from and after its ratification.

AN ACT TO AUTHORIZE POLITICAL SUBDIVISIONS OF THE STATE, ACTING JOINTLY, TO APPROPRIATE FUNDS AND ISSUE BONDS FOR DEVELOPING WATER SUPPLY FOR DOMESTIC, MUNICIPAL, INDUSTRIAL AND OTHER PURPOSES.

WHEREAS, Section 301 of the Water Supply Act of 1958, being Title III of the Act of Congress approved July 3, 1958, entitled "An Act Authorizing the Construction, Repair, and Preservation of Certain Public Works on Rivers and Harbors for Navigation, for Flood Control and for Other Purposes", provides as follows:

"(a) It is hereby declared to be the policy of the Congress to recognize the primary responsibilities of the States and local interests in developing water supplies for domestic, municipal, industrial, and other purposes and that the Federal Government should participate and cooperate with States and local interests in developing such water supplies in connection with the construction, maintenance, and operation of Federal navigation, flood control, irrigation, or multiple purpose projects.

"(b) In carrying out the policy set forth in this Section, it is hereby provided that storage may be included in any reservoir project surveyed, planned, constructed or to be planned, surveyed and/or constructed by the Corps of Engineers or the Bureau of Reclamation to impound water for present or anticipated future demand or need for municipal or industrial water, and the reasonable value thereof may be taken into account in estimating the economic value of the entire project: Provided, that before construction or modification of any project including water supply provisions is initiated, State or local interest shall agree to pay for the cost of such provisions on the basis that all authorized purposes served by the project shall share equitably in the benefits of multiple purpose construction as determined by the Secretary of the Army or the Secretary of the Interior as the case may be: Provided further, that not to exceed 30 per centum of the total estimated cost of any project may be allocated to anticipated future demands where States or local interests give reasonable assurances that they will contract for the use of storage for anticipated future demands within a period of time which will permit paying out the costs allocated to water supply within the life of the project: And provided further, that the entire amount of the construction costs, including interest during construction, allocated to water supply shall be repaid within the life of the project but in no event to exceed fifty years after the project is first used for the storage of water for water supply purposes, except that (1) no payment need be made with respect to storage for future water supply until such supply is first used, and (2) no interest shall be charged on such cost until such supply is first used, but in no case shall the interest-free period exceed ten years. The interest rate used for purposes of computing interest during construction and interest on the unpaid balance shall be determined by the Secretary of the Treasury, as of the beginning of the fiscal year in which construction is initiated, on the basis of the computed average interest rate payable by

the Treasury upon its outstanding marketable public obligations, which are neither due nor callable for redemption for fifteen years from date of issue. The provisions of this subsection insofar as they relate to the Bureau of Reclamation and the Secretary of the Interior shall be alternative to and not a substitute for the provisions of the Reclamation Projects Act of 1939 (53 Statutes 1187) relating to the same subject." Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. The General Assembly hereby concurs in the declared policy of Congress as set forth in Section 301 (a) of the Act of Congress approved July 3, 1958, and cited as the "Water Supply Act of 1958" insofar as said Section relates to the responsibilities of local interests in developing water supply for domestic, municipal, industrial and other purposes and hereby authorizes and empowers local units to contract debts, as hereinafter provided, for the purpose of providing for the storage of water for present or anticipated future demand or need for municipal or industrial water in order to conform with the provisions of said Water Supply Act of 1958. The term "local units" as used herein means counties and/or municipalities.

Sec. 2. Any two or more local units, each situated in whole or in part in the basin of the same river upon which the Congress of the United States has appropriated funds for the construction of a project referred to in said Water Supply Act of 1958, may issue their bonds for the purpose stated in Section 1 hereof in such amounts as constitute their proportionate parts, respectively, of not exceeding 30 per centum of the estimated cost of such project. The governing bodies of said local units shall meet together and shall jointly determine and agree upon the proportionate part of such percentage of estimated cost which each local unit is to bear, taking into consideration the taxable resources of each local unit and such other economic and beneficial factors as such boards deem pertinent and advisable, and such determination shall be recorded in the minutes of each such body. Within four months following such determination each local unit shall proceed with authorization of its bonds in the amount not exceeding its proportionate part.

Sec. 3. Such bonds of counties shall be issued pursuant to the County Finance Act, as amended: Provided, the amount thereof shall constitute an item to be included in the sum in item (h) of Section 153-84 of said Act in arriving at the net debt for other than school purposes in item (i) of said Section: Provided, further, the provisions of Section 153-80, 153-82 and 153-103 of said Act shall not apply to such bonds. Such bonds shall mature at such time or times, not exceeding 50 years from their date, and may be subject to redemption with or without premium as the governing body may by resolution determine, with the approval of the Local Government Commission.

Sec. 4. Such bonds of municipalities shall be issued pursuant to the Municipal Finance Act, 1921, as amended, and the amount thereof shall constitute a reduction from the gross debt under subsection (b) of Section

160-383 of said Act: Provided, the provisions of Section 160-382 and 160-391 shall not apply to such bonds and such bonds may not be consolidated with bonds authorized by another ordinance as provided in Section 160-380 of said Act. Such bonds shall mature at such time or times, not exceeding 50 years from their date, and may be subject to redemption with or without premium as the governing body may determine, with the approval of the Local Government Commission.

Sec. 5. Notwithstanding the provisions of Sections 159-13, 159-14, 159-15, 159-21 and 159-22 of the General Statutes, being parts of the Local Government Act, as amended, the bonds of local units shall be delivered, without advertisement and award pursuant thereto, by the State Treasurer to the appropriate agency or department of the Federal Government in full satisfaction and payment of the proportionate part of the percentage of estimated cost to the local units, respectively, as determined in Section 2 of this Act.

Sec. 6. If the bonds of one or more local units which have agreed upon their proportionate part of percentage of estimated cost as provided in Section 2 hereof are required by the laws or Constitution to be submitted to the voters of such local unit at an election and a majority of said voters voting in said election vote against the issuance of such bonds the bonds of any other local unit which have been duly authorized may be issued in whole or in part only when a sufficient number of local units has agreed upon their proportionate part as provided in Section 2 and have duly authorized their bonds so that the full amount of such percentage of estimated cost may be paid.

Sec. 7. Nothing herein contained shall be construed to permit the diversion of water from one watershed to another.

Sec. 8. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 9. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 17th day of April, 1959.

H. B. 189 CHAPTER 309

AN ACT TO ENABLE FLUE-CURED TOBACCO FARMERS IN NORTH CAROLINA TO IMPOSE UPON THEMSELVES BY THEIR REFERENDUM VOTE AN ASSESSMENT TO PROVIDE FUNDS TO PROMOTE THROUGH ORGANIZED EFFORT THE SALE AND USE OF FLUE-CURED TOBACCO IN EXPORT AND DOMESTIC MARKETS.

WHEREAS, flue-cured tobacco represents in value more than fifty per cent (50%) of the total income of the farmers of North Carolina; and

WHEREAS, there is produced by the farmers of North Carolina approximately sixty-seven per cent (67%) of all flue-cured tobacco raised in the United States; and

WHEREAS, approximately forty per cent (40%) of flue-cured tobacco in the United States is normally sold in export trade, the total production being far beyond domestic requirements; and

WHEREAS, it is of greatest importance that the export trade for flue-cured tobacco be maintained at such level as to insure a steady market at a fair price for the surplus of said crop over and above the normal domestic requirements; and

WHEREAS, the failure to maintain a sound and growing export market for flue-cured tobacco would disastrously affect the economy and the general standard of living of the farmers of North Carolina engaged in the production of this agricultural commodity; and

WHEREAS, there is also an ever existing need to bring to the attention of people everywhere the benefits occurring from the enjoyment and relaxation attendant upon the smoking of tobacco and there is a frequently occurring need to protect the use of tobacco from threatened diminution because of misinformation and propaganda concerning the effects of tobacco smoking and there is a constant need to guard against unfair and ever increasing tax burdens on tobacco and its sale; and

WHEREAS, largely under the sponsorship of farm organizations in North Carolina there has been incorporated under the laws of the State of North Carolina a nonstock, nonprofit corporation, known, designated and chartered as Tobacco Associates, Incorporated, which is dedicated to the promoting, developing, and expanding export trade for flue-cured tobacco and encouraging the use of tobacco everywhere; and

WHEREAS, the operations of said highly important agency have been financed from year to year by donations by parties interested in the promotion of tobacco sales and use and by farmers of North Carolina through a per acre assessment voted upon themselves in North Carolina by a referendum procedure pursuant to the terms of Chapter 511, Session Laws of 1947, and Chapter 63, Session Laws of 1951; and

WHEREAS, in order to assure the permanence of such program for development markets for flue-cured tobacco it is desirable and necessary that the farmers in North Carolina who produce flue-cured tobacco shall be permitted to continue to vote an assessment under which all tobacco growing farmers in the State will participate on a proportional and equitable basis; and

WHEREAS, under the provisions of Chapter 511, Session Laws of 1947, and Chapter 63, Session Laws of 1951, the farmers of North Carolina voted in 1947, in 1949, in 1952, in 1955, and in 1958, to impose upon themselves an assessment in the amount of ten cents (10¢) per acre, the maximum amount then permitted by those Statutes, and whereas each said issue was carried by a vote of more than ninety per cent (90%) of the eligible farmers participating therein; and

WHEREAS, the 1958 vote, having been carried by a vote of more than ninety and eight-tenths per cent (90.8%) of the eligible farmers participating in the referendum, authorized an assessment of ten cents (10¢) per acre for the years 1959, 1960 and 1961; and

WHEREAS, since the authorization of a ten cents (10¢) per acre assessment in 1947, the allotted acreage of flue-cured tobacco in North Carolina has been reduced approximately thirty per cent (30%) and the yield per acre in pounds has been increased approximately fifty per cent (50%) and the yield per acre in dollars has been increased approximately one hundred per cent (100%); and

WHEREAS, there has arisen a need for greater activities on the part of the tobacco farmers, through their cooperation, Tobacco Associates, and greater expenditures for the protection of the flue-cured tobacco export trade and the use of flue-cured tobacco everywhere; and

WHEREAS, in the 1958 referendum which authorized a ten cents (10¢) per acre assessment under the then existing Statutes, there was submitted to all of the flue-cured tobacco growers in North Carolina the additional question whether the North Carolina producers of tobacco would approve and would request and seek legislation authorizing an assessment of not more than one dollar ($1.00) per acre (the amount to be determined from year to year by the Board of Directors of Tobacco Associates, Incorporated) and to be effective and immediately applicable to the years 1959, 1960 and 1961 and the said proposal having been approved by a vote of more than eighty-three and five-tenths per cent (83.5%) of eligible North Carolina flue-cured tobacco growers participating in said vote; and

WHEREAS, the results to be achieved by this proposed Statute are in the public interest: Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. It is hereby declared to be in the public interest that the farmers of North Carolina who produce flue-cured tobacco be permitted and encouraged to act jointly in promoting and stimulating, by organized methods and through the medium established for such purpose, export trade for flue-cured tobacco and the use of tobacco everywhere.

Sec. 2. That for the purpose of raising reasonable and necessary funds for producer participation in the operations of the agency set up under farmer sponsorship for the promotion of export trade in flue-cured tobacco and the use of tobacco everywhere, it is proper, desirable, necessary and in the public interest that the farmers in this State engaged in the production of flue-cured tobacco shall have the opportunity and privilege of participating in a referendum to be held as hereinafter provided, in which referendum there shall be determined the question of whether or not the farmers of the State engaged in the production of flue-cured tobacco shall levy upon themselves an annual assessment for the purposes herein stated.

Sec. 3. That during the year 1961 and upon the exact date in such year as may be determined in the manner hereinafter set forth and under rules and regulations as established under the provisions of this Act, there shall be held in every county in North Carolina in which flue-cured tobacco is produced a referendum to be participated in by all farmers engaged in the production of flue-cured tobacco, including owners of farms on which such tobacco is produced, tenants and sharecroppers, in

which referendum said individuals so eligible for participation shall vote upon the question of whether or not there shall be levied an annual assessment for a period of three years (1962, 1963 and 1964), such amount as may have been theretofore or as may be thereafter determined by the Board of Directors of Tobacco Associates, Incorporated, but not more than one dollar ($1.00) per acre per year on all flue-cured tobacco acreage in the State of North Carolina.

Sec. 4. That if in such referendum more than one-third of the tobacco farmers eligible to participate therein and voting therein shall vote in the negative and against the levying or collection of such assessment, then no assessment shall be levied or collected pursuant to that referendum.

Sec. 5. That if in such referendum two-thirds or more of the eligible tobacco farmers voting therein shall vote in the affirmative and in favor of the levying or collection of such assessment to be determined by the Board of Directors of Tobacco Associates, Incorporated, but in an amount of not more than one dollar ($1.00) per acre per year on all flue-cured tobacco acreage in the State of North Carolina, then such assessment shall be collected in the manner hereinafter provided.

Sec. 6. That the exact date in the said year 1961, on which such referendum shall be held and the hours, voting places, and rules and regulations under which such referendum shall be conducted, shall be established and determined by the Board of Directors of the North Carolina corporation known and designated as Tobacco Associates, Incorporated, established under the leadership of farm organizations in the State of North Carolina for the purpose of stimulating, developing and expanding export trade for flue-cured tobacco and the use of tobacco everywhere; that the said referendum date, hours, voting places, rules and regulations with respect to the holding of such referendum shall be published through the medium of the public press in the State of North Carolina by said Board of Directors at least thirty days before the holding of such referendum, and that direct written notice thereof shall likewise be given to all farm organizations within the State of North Carolina and to each county agent in any county in which flue-cured tobacco is grown.

Sec. 7. That the said Board of Directors of Tobacco Associates, Incorporated, shall likewise prepare and distribute in advance of said referendum all necessary ballots for the purpose thereof, and shall under the rules and regulations promulgated by said Board arrange for the necessary poll holders for conducting the said referendum; and that following such referendum and within ten days thereafter the said Board of Directors shall canvass and publicly declare the results of such referendum.

Sec. 8. That said referendum shall be upon the question of whether or not the farmers eligible for participation therein and voting therein shall favor an assessment for the period of three years, 1962, 1963 and 1964, in an amount in each of said years as determined by or to be determined by the Board of Directors of Tobacco Associates, Incorporated but not more than one dollar ($1.00) per acre per year on all flue-cured tobacco acreage in the State of North Carolina, for the purpose of providing farmer participation in the fund and through the agency established

for the stimulation, expansion and development of export markets for flue-cured tobacco and the encouragement of the use of flue-cured tobacco everywhere.

Sec. 9. That in the event two-thirds or more of the eligible farmers voting therein shall vote in favor of such assessment, then the said assessment shall be collected annually for the years herein set forth and under such method, rules and regulations as may be determined by the Board of Directors of the said Tobacco Associates, Incorporated, and the said assessment so collected shall be paid into the Treasurer of said Tobacco Associates, Incorporated, to be used along with funds from other sources, for the purpose of stimulating, developing and expanding export trade for flue-cured tobacco and encouraging the use of flue-cured tobacco everywhere.

Sec. 10. That no assessment shall be made pursuant to this Act unless same shall receive the affirmative vote of not less than two-thirds of the members of the Board of Directors of Tobacco Associates, Incorporated, including the affirmative vote of not less than two-thirds of such Board members who were elected by North Carolina farm organizations.

Sec. 11. That in the event any referendum authorized by this Act is carried in the affirmative by such two-thirds vote and the assessment is levied and collected as herein provided and under the regulations to be promulgated by the Board of Directors of Tobacco Associates, Incorporated, any farmer or tobacco producer upon whom and against whom any such annual assessment shall have been levied and collected under the provisions of this Act, if dissatisfied with the said assessment, shall have the right to demand of and receive from the Treasurer of said Tobacco Associates, Incorporated, a refund of such annual assessment so collected from such farmer or producer of tobacco, provided such demand for refund is made in writing within thirty days from the date on which said assessment is collected from such farmer or producer or deducted from the proceeds of the sale of tobacco of such farmer or producer.

Sec. 12. That in the event any referendum conducted as provided for in this Act shall not be supported by two-thirds or more of those voting therein, then the Board of Directors of Tobacco Associates, Incorporated shall have full power and authority to call another referendum for the purposes herein set forth in any succeeding year, on the question of an annual assessment for the next three years or less. If the referendum is carried as provided in this Act, then the assessments may be levied and collected as provided in this Act.

Sec. 13. That in the event any referendum, held at any time under the provisions of this Act, is carried by the vote of two-thirds or more of the eligible farmers participating therein and assessments in pursuance thereof are being levied annually, then the Board of Directors of Tobacco Associates, Incorporated shall, in its discretion, have full power and authority to call and conduct during the last year of such period another referendum in which the farmers and producers of flue-cured tobacco shall vote upon the question of whether or not assessments under this Act shall be continued for the next ensuing three years. If the referendum is carried as provided in this Act, then assessments may be levied and collected as provided in this Act.

Sec. 14. That the Treasurer of Tobacco Associates, Incorporated shall, within thirty days after the end of any fiscal year, file with the State Auditor a financial statement as of the end of the fiscal year and a detailed statement of operations for the year ended. Further a condensed statement of the financial condition and operating expenses for said fiscal year shall be published in a newspaper of general circulation, if one exists, in each county from which assessments are collected.

Sec. 15. The Board of Directors of Tobacco Associates, Incorporated, by a vote (as provided in Section 10 above) is hereby authorized to levy an assessment for the years 1959, 1960 and 1961 on all the flue-cured tobacco acreage in the State of North Carolina in an amount for each said year, as may be determined by said Board, up to but not in excess of one dollar ($1.00) per acre per year in accordance with and pursuant to a referendum and vote of North Carolina flue-cured tobacco growers held in December, 1958; said assessment to be levied and collected just as though said referendum had been held after the adoption of this Act, provided that all of the requirements of this Act as to the determination of the amount of the assessment and the collection of the assessment are complied with and provided further that all conditions of this Act as to refund upon demand shall be applicable: Provided further that such assessments for the years 1959, 1960 and 1961 shall be in lieu of the amount of ten cents (10¢) per acre, authorized under the provisions of Chapter 511 of the Session Laws of 1947.

Sec. 16. Insofar as the provisions of this Act are different from and in conflict with the provisions of Chapter 511, Session Laws of 1947 and Chapter 63, Session Laws of 1951, to the extent of such conflict the provisions of this Act shall be applicable and shall supersede and prevail over the provisions of said former Acts and all provisions of this Act shall be in full effect. So long as assessments are made under this Act, no assessment shall be made and collected under the provisions of Chapter 511, Session Laws of 1947, as amended.

AN ACT TO PROVIDE, IN THE EVENT OF ENEMY ATTACK UPON THE STATE OF NORTH CAROLINA, FOR THE CONTINUITY OF THE ORDERLY FUNCTIONS OF THE GOVERNMENTS OF LOCAL POLITICAL SUBDIVISIONS OF THE STATE; BY PROVIDING FOR EMERGENCY INTERIM SUCCESSION TO EXECUTIVE OFFICES AND BY AUTHORIZING POLITICAL SUBDIVISIONS TO ENACT RESOLUTIONS AND ORDINANCES RELATING TO SUCCESSION FOR ALL OFFICIALS HAVING EMERGENCY GOVERNMENT FUNCTIONS.

The General Assembly of North Carolina do enact:

Section 1. Short Title. This Act shall be known and may be cited as the North Carolina "Emergency Interim Local Government Executive Succession Act of 1959."

Sec. 2. Policy and Purpose. Because of the existing possibility of attack upon the State of North Carolina of unprecedented size and destructiveness, and in order, in the event of such an attack, to assure continuity of local government through legally constituted leadership, authority and responsibility in offices of political subdivisions of the State of North Carolina; to provide for the effective operation of local governments during an emergency; and to facilitate the early resumption of functions temporarily suspended, it is found and declared to be necessary to provide for emergency interim succession to governmental offices of political subdivisions in the event the incumbents thereof and their deputies, assistants or other subordinate officers authorized, pursuant to law, to exercise all of the powers and discharge the duties of such offices (hereinafter referred to as deputies) are unavailable to perform the duties and functions of such offices.

Sec. 3. Definitions. Unless otherwise clearly required by the context, as used in this Act:

(a) "Unavailable" means either that a vacancy in office exists and there is no deputy authorized to exercise all of the powers and discharge the duties of the office, or that the lawful incumbent of the office (including any deputy exercising the powers and discharging the duties of an office because of a vacancy) and his duly authorized deputy are absent or unable to exercise the powers and discharge the duties of the office.

(b) "Emergency Interim Successor" means a person designated pursuant to this Act, in the event the officer is unavailable, to exercise the powers and discharge the duties of an office until a successor is appointed

or elected and qualified as may be provided by the statutes, charters and ordinances or until the lawful incumbent is able to resume the exercise of the powers and discharge the duties of the office.

(c) "Office" includes all local offices, the powers and duties of which are defined by statutes, charters and ordinances.

(d) "Attack" means any attack or series of attacks by an enemy of the United States upon the State of North Carolina causing, or which may cause, substantial damage or injury to civilian property or persons in the State in any manner by sabotage or by the use of bombs, missiles, shellfire, or atomic, radiological, chemical, bacteriological or biological means or other weapons or processes.

(e) "Political Subdivision" includes counties, cities, towns, townships, districts, authorities and other municipal corporations and entities whether organized and existing under charter or general law.

Sec. 4. Enabling Authority for Emergency Interim Successors for Local Offices. With respect to local offices for which the governing bodies of cities, towns, townships, and counties may enact resolutions or ordinances relative to the manner in which vacancies will be filled or temporary appointments to office made, such governing bodies are hereby authorized to enact resolutions or ordinances providing for emergency interim successors to offices of the aforementioned governmental units. Such resolutions and ordinances shall not be inconsistent with the provisions of this Act.

Sec. 5. Emergency Interim Successors for Local Officers. The provisions of this Section shall be applicable to officers of political subdivisions (including, but not limited to counties, cities, towns and townships as well as school, fire, drainage and other municipal corporate districts) not included in Section 4. Such governing bodies, pursuant to such regulations as they may adopt, shall upon approval of this Act, designate by title (if feasible) or by named person, emergency interim successors and specify their order of succession. The local governing body shall review and revise, as necessary, designations made pursuant to this Act to insure their current status. The governing body will designate a sufficient number of persons so that there will be not less than three, nor more than seven, deputies or emergency interim successors or combination thereof at any time. In the event that any officer of any political subdivision (or his deputy provided for pursuant to law) is unavailable, the powers of the office shall be exercised and duties shall be discharged by his designated emergency interim successors in the order specified. The emergency interim successor shall exercise the powers and discharge the duties of the office to which designated until such time as a vacancy which may exist shall be filled in accordance with the Constitution or statutes; or until the officer (or his deputy or a preceding emergency interim successor) again becomes available to exercise the powers and discharge the duties of his office.

Sec. 6. Formalities of Taking Office. At the time of their assumption of office, emergency interim successors shall take such oath as may be required for them to exercise the powers and discharge the duties of the

office to which they may succeed. Notwithstanding any other provision of law, no person, as a prerequisite to the exercise of the powers or discharge of the duties of an office to which he succeeds, shall be required to comply with any other provision of law relative to taking office.

Sec. 7. Period in Which Authority May be Exercised. Emergency interim successors, authorized to act pursuant to this Act, are empowered to exercise the powers and discharge the duties of an office as herein authorized only after an attack upon the State of North Carolina, as defined herein, has occurred. The local governing body, by a duly adopted resolution, may at any time terminate the authority of said emergency interim successors to exercise the powers and discharge the duties of office as herein provided.

Sec. 8. Removal of Designees. Until such time as the persons designated as emergency interim successors are authorized to exercise the powers and discharge the duties of an office in accordance with this Act, including Section 7 hereof, said persons shall serve in their designated capacities at the pleasure of the designating authority and may be removed or replaced by said designating authority at any time, with or without cause.

Sec. 9. Disputes. Any dispute concerning a question of fact arising under this Act with respect to an office in any political subdivision shall be adjudicated by the local governing body and their decision shall be final.

Sec. 10. All laws and clauses of laws in conflict with this Act are hereby repealed.

"Any 'eligible exhaustee' shall be paid a 'weekly benefit amount' pursuant to the provisions of this Act for any week of total or partial unemployment beginning in the existing benefit year of such 'eligible exhaustee' and which also begins within the 'extended benefit period' subsequent to the 'effective date of the extended benefit ratio.' 'Extended benefits' to any 'eligible exhaustee' shall be limited to an amount not to exceed eight times his 'weekly benefit amount.' Such 'eligible exhaustee' must have met the conditions of eligibility contained in Section 96-13, General Statutes, and shall not be paid 'extended benefits' during any period of disqualification imposed under Section 96-14, General Statutes; provided, that such 'eligible exhaustee' shall be subject to all the other provisions of Chapter 96 of the General Statutes not inconsistent with the provisions of this Act.

"(3) Eligible Exhaustee. 'Eligible exhaustee' under this Act means any individual who has an existing benefit year in progress as such is defined in General Statutes 96-8 (18) and who has exhausted all other benefit rights under the provisions of this Chapter during an 'extended benefit period' as defined in this Act and who does not have any unemployment insurance benefit rights which may be exercised under the laws of any state or the Federal Government; provided, that any 'eligible exhaustee' who has not received the maximum amount of 'extended benefits' under this Act in any specified 'extended benefit period' within his existing benefit year shall, if otherwise eligible under these provisions, be paid such remaining 'extended benefits' for weeks of unemployment beginning within his existing benefit year and which may begin during an ensuing 'extended benefit period' after the 'effective date of the extended benefit ratio' in such 'extended benefit period.'

"(4) Extended Benefit Period. 'Extended benefit period' means the month in which the 'effective date of the extended benefit ratio' becomes effective together with the three-calendar-month period immediately preceding such effective date and the three-calendar-month period immediately following the month in which such 'extended benefit ratio' became effective, being a period of seven-consecutive-calendar months. An 'extended benefit period,' as herein provided, shall be established on each occasion upon

which the 'extended benefit ratio' becomes effective under the provisions of this Act, notwithstanding that at such time an 'extended benefit period' may be in progress.

"(5) Extended Benefit Ratio. 'Extended benefit ratio' is the quotient obtained by dividing the number of insured workers filing for unemployment insurance benefits by the number of all insured workers. It shall be computed by dividing the number of weeks claimed (for purposes of Section 96-15 (a), General Statutes) in the current calendar week by the monthly average (as published in North Carolina Employment and Wages released by the Employment Security Commission of North Carolina) of individuals in insured employment under this Chapter during the immediately preceding calendar year, if the ratio being computed is for a calendar week beginning between August 1 and December 31, inclusive; or if the ratio is being computed for a week beginning between January 1 and July 31, inclusive, the next to the last calendar year average monthly insured employment shall be used.

"(6) Effective Date of Extended Benefit Ratio. 'Effective date of extended benefit ratio' means the first day of the week immediately following any consecutive four-calendar-week period during which for any three calendar weeks therein, such ratio averages as much as nine per centum (9%).

"(7) Extended Benefits. 'Extended benefits' means the money payments payable to 'eligible exhaustees' under the provisions of this Act and are an extension of and not in lieu of benefits otherwise provided by this Chapter and are benefits as defined in Section 96-8 (2), General Statutes, for all the purposes of this Chapter not inconsistent with the provisions of this Act.

"(8) Weekly Benefit Amount. The 'weekly benefit amount' payable to an 'eligible exhaustee' under this Act shall be the same as his weekly benefit amount payable during his existing benefit year as provided in Section 96-12, General Statutes.

"(9) A seasonal worker who has exhausted nonseasonal benefits and who has met all the other requirements of an 'eligible exhaustee,' except that he has future benefit rights not yet available which must be exercised by such worker during a future seasonal period under the provisions of Section 96-16, General Statutes, shall be considered as having exhausted all benefit rights under the provisions of this Act until such time as such future benefit rights become available to him; and any extended benefits so paid shall be treated as other benefit payments under this Chapter, notwithstanding the provisions of Section 96-16, General Statutes."

The General Assembly of North Carolina do enact:

Section 1. The purposes of this Act, among others, are to continue the existence of the Mecklenburg County Board of Education and to provide for the merger of the Charlotte City Board of Education into said Mecklenburg County Board of Education.

Sec. 2. Those persons who on the first day of July, 1960, shall be the duly qualified and acting members of the Mecklenburg County Board of Education and of the Charlotte City Board of Education shall, effective on said date, constitute the Mecklenburg County Board of Education.

Sec. 3. Each of said persons shall serve as a member of said board of education for a term ending on the first Monday in December next preceding the expiration date of the term to which he shall have been elected or appointed to the Mecklenburg County Board of Education or to the Charlotte City Board of Education prior to the first day of July, 1960.

Sec. 4. The membership of said county board of education shall be reduced by one member on the first Monday in December in each of the years 1960, 1962 and 1964; and from and after the first Monday in December, 1964, the Mecklenburg County Board of Education shall be composed of nine members.

Sec. 5. At the time of the primaries for nomination of State officers in 1960, and biennially thereafter, three persons shall be elected to the Mecklenburg County Board of Education as reorganized. The names of

the candidates shall be placed on a separate ballot bearing no party designation and no party affiliation need be indicated at the time of filing. Candidates shall file by 6:00 P. M. on or before the sixth Saturday before the date on which the election is to be held and each candidate shall pay a filing fee of five dollars ($5.00). The persons elected shall qualify by taking the oath of office on the first Monday in December next succeeding their election and shall hold office for a term of six years and until their successors are elected and qualified.

Sec. 6. In the event of a vacancy occurring on the board other than by expiration of a term, the board shall select a replacement to serve until the first Monday in the December which follows the last day for filing for the next regular biennial election. At the next regular biennial election (the last filing date for which had not passed prior to the occurrence of the vacancy), a person shall be elected to fill the unexpired term.

Sec. 7. Election to the board shall be determined by a majority of the votes cast. If there should be more candidates than there are places to be filled, then the majority within the meaning of this Section shall be ascertained by dividing the total vote cast for all candidates by the number of places to be filled and then dividing by two. Any excess of the sum so ascertained shall be the majority within the meaning of this Section. If in ascertaining the result in this way it appears that more candidates have obtained this majority than there are places to be filled, then those having the highest vote, if beyond the majority just defined, shall be declared elected. Where candidates do not receive a majority as defined and set out in this Section, those candidates equal in number to the places to be filled and having the highest number of votes shall be declared elected unless a second election shall be demanded, which may be done by anyone or all of the candidates equal in number to the places remaining to be filled and having the second highest number of votes. When any one or all of such candidates in the group receiving the second highest number of votes demand a second election (within the time allowed for demanding a second primary under the general law dealing with nomination of State officers), such second election shall be held and the names of all those candidates receiving the highest number of votes and all those in the group receiving the second highest number of votes and demanding a second election shall be put on the ballot for such second election. In no case shall there be a third election but the candidates receiving the highest number of votes in the second election shall be elected. In the event of a second election, it shall be held at the time that the second primary would be held under the general law dealing with nomination of State officers. When in any election, by reason of an unexpired term or terms, more than three members of the board are to be elected, those three persons receiving the highest number of votes in the election, or in the second election, if there should be a second election, shall be declared elected for full six year terms, and the person or persons receiving the next highest number of votes shall be declared elected to the unexpired term or terms, those receiving the highest number of votes being elected to the longer of the unexpired terms.

Sec. 8. For the fiscal year beginning July 1, 1960, the members of the Mecklenburg County Board of Education and the members of the Charlotte City Board of Education, acting jointly and by a majority vote of all members present, shall determine the amount and contents of the supplemental budget requested for the fiscal year beginning July 1, 1960, and shall give the Board of Commissioners of Mecklenburg County due notice thereof in time to include said tax with all other taxes to be levied by said board of county commissioners for the year 1960, and the said two boards of education, acting in like manner, shall prepare and submit to the said board of commissioners the capital outlay, debt service, and current expense budgets for the fiscal year 1960 within the time prescribed by law. The Board of Commissioners of Mecklenburg County may approve or disapprove the supplemental budget in whole or in part and shall levy such taxes as necessary to provide for the approved budget for supplemental purposes, not exceeding the amount of the tax levy authorized by the vote of the people. The expenditure of the proceeds of said levy shall be in accordance with the aforesaid supplemental budget as approved by the Board of Commissioners of Mecklenburg County. In the event of a disagreement between the Mecklenburg County Board of Education and the Charlotte City Board of Education acting jointly, on the one hand, and the Board of Commissioners of Mecklenburg County, on the other hand, as to the amount of the supplemental tax levy to be made, such disagreement shall be resolved by the procedure provided by the General Statutes of North Carolina, Section 115-87 and Section 115-88.

Sec. 9. In 1961 and in each subsequent year, at the same time the other budgets are filed, the Mecklenburg County Board of Education shall file a supplemental budget and request that a sufficient levy be made by the Board of Commissioners of Mecklenburg County on all taxable property located within said county not to exceed the rate voted by the people in said county. The Board of Commissioners of Mecklenburg County may approve or disapprove the supplemental budget in whole or in part, and shall levy such taxes as necessary to provide for the approved budget for supplemental purposes, not exceeding the amount of the tax levy authorized by the vote of the people. The expenditure of the proceeds of said levy shall be in accordance with the aforesaid supplemental budget as approved by the Board of Commissioners of Mecklenburg County. In the event of a disagreement between the Mecklenburg County Board of Education and the Board of Commissioners of Mecklenburg County as to the amount of the supplemental tax levy to be made, such disagreement shall be resolved by the procedure provided by the General Statutes of North Carolina, Section 115-87 and Section 115-88.

Sec. 10. The Mecklenburg County Board of Education, as reorganized, shall appoint a treasurer of all the school funds of the Mecklenburg County School Administrative Unit. The treasurer so appointed shall continue to fill such position at the will of the board of education. No persons authorized to make the expenditures or draw vouchers therefor, or to approve the same, shall act as treasurer of said funds. The treasurer shall give bond for the faithful performance of his duties in such amount as the

board of education may prescribe, but, in no event, for less than twenty-five thousand dollars ($25,000.00). All sums appropriated by said board of commissioners for capital outlay, current expense and to supplement the current expense fund from State and county allotments shall be paid over to the Treasurer of the Mecklenburg County Board of Education at reasonable periods after the receipt of said funds by the Treasurer of Mecklenburg County; provided, however, that the board of county commissioners shall hold and administer the proceeds of school bond sales in accordance with the procedure now being followed in holding and administering the proceeds of such sales.

Sec. 11. Notwithstanding the provisions of Section 50 of Chapter 115 of the General Statutes, the monthly payroll therein provided for, as to each school, shall be signed by the principal of the school, and it shall not be required that committee chairmen sign the same.

Sec. 12. In addition to the election of a chairman in accordance with the provisions of Chapter 115 of the General Statutes, the board of education may also select one of its members as vice chairman who shall preside at all meetings of the board in the absence of the chairman, and whenever the board shall have duly authorized the execution of any contract, conveyance, or other instrument, the vice chairman shall have the same authority as the chairman to execute the same on behalf of the board. In the event of absence or inability of both the chairman and vice chairman, the board, by resolution duly adopted and spread upon the minutes of any meeting, may authorize any other member to execute any contract, conveyance or other instrument for and on behalf of the board.

Sec. 13. The superintendent of schools shall be ex officio secretary of the board as provided by G. S. 115-56. The board may elect an assistant secretary to serve at the pleasure of the board. The assistant secretary may be, but shall not be required to be, a member of the board. Such assistant secretary may perform the duties of the secretary of the board when the secretary is absent from any meeting or for any other reason is unable to perform his duties as secretary. The assistant secretary shall have authority to attest all contracts, conveyances, and other instruments which are required by law to be attested by the secretary. The secretary, or in his absence, the assistant secretary, shall keep the minutes of all meetings of the board and it shall be the duty of such secretary or assistant secretary to furnish each member of the board with a copy of the minutes as soon after any meeting as may be reasonably practicable.

Sec. 14. In addition to the election of a superintendent of schools in the manner provided by the general law, the board may employ such associate superintendents and assistant superintendents and such other administrative officers as it may deem necessary and proper, and prescribe their duties. They may be elected to serve at the pleasure of the board or for such terms as may be fixed by the board, but the terms of any associate superintendents or assistant superintendents shall not exceed the term for

which the superintendent is employed. Except as modified by other provisions of this Act, all principals and teachers shall be elected in the manner prescribed by the general law. The board may delegate to the superintendent of schools, or to one or more associate superintendents or assistant superintendents or to other administrative officers, authority to employ and prescribe the duties of all other employees or classes of employees, including janitors and maids, and to fix the compensation within such limits as the board may prescribe and to determine the terms or periods for which they shall be employed. The compensation of administrative officers of the board shall be fixed by the board. Out of any local supplement the board may pay to any employee or employees such compensation, in addition to compensation paid such employee or employees by the State, as it may deem proper.

Sec. 15. So long as the Mecklenburg County Board of Education shall consist of twelve members, the presence of seven members at any meeting shall constitute a quorum. During the period the board shall consist of eleven members and during the period said board shall consist of ten members, the presence of six members at any meeting shall constitute a quorum. When the membership of the board shall be reduced to nine, the presence of five members shall constitute a quorum.

Sec. 16. The Mecklenburg County Board of Education as reorganized may appoint school committees for some or all of the districts within the county in accordance with the provisions of the general law, but said board shall not be required to appoint school committees in all districts, and in any district within which no school committee is appointed, the board itself shall exercise those functions which are given to school committees under the general law.

Sec. 17. Title to all property of the Charlotte City Board of Education, both real and personal, of every kind and description, shall be vested in the Mecklenburg County Board of Education as of the 1st day of July, 1960. Sec. 18. All claims and demands of every kind which the Charlotte City Board of Education may have as of the 1st day of July, 1960, shall pass and be transferred to the Mecklenburg County Board of Education and said county board of education shall have the same power and authority to enforce said claims and demands as said city board of education would have had in the event of its continuing existence. Any obligations or liabilities of the Charlotte City Board of Education existing as of the 1st day of July, 1960, shall be and become the obligations and liabilities of the Mecklenburg County Board of Education and such obligations and liabilities may be enforced against said Mecklenburg County Board of Education to the same extent that they might have been enforced against said city board of education had the city board continued in existence.

Sec. 19. All taxes collected by the City of Charlotte on account of school supplement levies made within said city prior to the year 1960 shall

be paid by the City Treasurer of Charlotte to the Treasurer of the Mecklenburg County Board of Education, and the Board of Commissioners of Mecklenburg County shall cause like payment to be made to the Treasurer of the Mecklenburg County Board of Education of taxes collected on account of school supplement levies made prior to the year 1960 within that part of the Charlotte Administrative School Unit lying outside of the City of Charlotte, and within the county school administrative unit on account of county school supplement levies within said unit prior to 1960.

The Committee shall evaluate studies, recommendations, and proposals of the several departments and agencies and shall act as an advisory and coordinating group in the development and regulatory activities of the State relating to atomic energy, including cooperation with other states and with the Government of the United States. The Committee shall advise with the Governor for the purpose of keeping him informed as to private and public activities affecting atomic developments.

So far as may be practicable, the Committee shall coordinate studies, recommendations and proposals with like activities in other states and in the South as a region, and with the policies and regulations of the United States Atomic Energy Commission.

The Governor is authorized and empowered to require reports from any and all State departments, agencies and institutions with respect to any aspect of the subject matter of this Act and, in the exercise of his powers and duties under this Act, he may employ such additional personnel, if any, as he deems necessary.

Sec. 4. Rules and Regulations of State Board of Health. The State Board of Health is specifically authorized to adopt reasonable rules and regulations relating to the use, storage, transportation and disposal of radiation, radiation machines, and radioactive materials so as to provide protection against hazard from radioactivity and ionizing radiation, and so as to insure safety to all persons at, or in the vicinity of, the place of use, storage, transportation or disposal thereof. To this end, the State Board of Health is authorized to require registration of all persons, firms, corporations, associations or institutions who possess or use such machines or materials, such registration program to be of such scope and in such form as the board deems necessary to provide an adequate protection and supervision program.

Authorized representatives of the State Board of Health shall have authority to enter any premises, other than a private dwelling, where any activities or conditions therein or thereon are the subject of regulations adopted pursuant to this Section, for the purpose of determining whether applicable laws and regulations are being properly observed.

The board is authorized but not required to provide an inspection service and an advisory service, to make surveys, to sponsor educational programs on approved radiation protection practices, and to do any and all other acts deemed desirable in providing an effective protection program. In the performance of these duties, to the end that an environment favorable to the development of the peaceful uses of nuclear energy will be maintained, consistent with public health and safety, the State Board of Health shall not impose standards any more restrictive than the radiation standards established by the Atomic Energy Act of 1954 and amendments, or successor Acts, and regulations issued thereunder; in those situations where no such standards are imposed under said Atomic Energy Act, said board shall be authorized to impose reasonable standards.

No rules or regulations shall be adopted by the State Board of Health pursuant to this Section except with the approval of the Governor.

Recognizing the rapid pace of discovery in the atomic field, the State Board of Health shall keep itself informed regarding the regulatory activities of other states and of the Government of the United States and shall endeavor to maintain maximum coordination pending the establishment from time to time of clear lines of regulatory authority between the State and the Federal Governments. All regulations adopted shall be subject to the provisions of G. S. 130-9(a) and the provisions of Article 18 of Chapter 143 of the General Statutes. Any violation of any rule or regulation adopted pursuant to this Section is hereby declared to be a misdemeanor.

Whenever the State Board of Health has reasonable cause to believe that any person, firm, corporation, association or institution is violating or threatening to violate any regulation adopted pursuant to this Section, the board may enter an order requiring such violator to desist or refrain from such violation; and an action may be brought in the name of the board on the relation of the State of North Carolina to enjoin such violator from engaging in or continuing such violation or from doing any act or acts in furtherance thereof. In any such action an order or judgment may be entered awarding such preliminary or final injunction as may be deemed proper.

Sec. 5. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 6. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 7. This Act shall be in full force and effect from and after its ratification.

Sec. 2. Numbered paragraph 5 of G. S. 58-201.2 is hereby rewritten to read as follows:

"5. (a) The adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year that the present value, at the date of issue of the policy, of all such adjusted premiums shall be equal to the sum of (i) the then present value of the future guaranteed benefits provided for by the policy; (ii) two per cent (2%) of the amount of insurance, if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with duration of the policy; (iii) forty per cent (40%) of the adjusted premium for the first policy year; (iv) twenty-five per cent (25%) of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less. Provided, however, that in applying the percentages specified in (iii) and (iv) above, no adjusted premium shall be deemed to exceed four per cent (4%) of the amount of insurance or level amount equivalent thereto. The date of issue of a policy for the purpose of this subsection shall be the date as of which the rated age of the insured is determined.

"In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent level amount thereof for the purpose of this Section shall be deemed to be the level amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the inception of the insurance as the benefits under the policy.

"Except as otherwise provided in paragraph (b) of this subsection, all adjusted premiums and present values referred to in this Section shall for all policies of ordinary insurance be calculated on the basis of the Commissioners 1941 Standard Ordinary Mortality Table, provided that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than three years younger than the actual age of the insured. Such calculations for all policies of industrial insurance shall be made on the basis of the 1941 Standard Industrial Mortality Table. All calculations shall be made on the basis of the rate of interest, not exceeding three and one-half per cent (3½%) per annum, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may not be more than one hundred and thirty per cent (130%) of the rates of mortality according to such applicable table.

Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the Commissioner.

"(b) In the case of ordinary policies issued on or after the operative date of this paragraph (b) as defined herein, all adjusted premiums and present values referred to in this Section shall be calculated on the basis of the Commissioners 1958 Standard Ordinary Mortality Table and the rate of interest, not exceeding three and one-half per cent (3½%) per annum, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than three years younger than the actual age of the insured; provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioners 1958 Extended Term Insurance Table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the Commissioner.

"After the effective date of this Act, any company may file with the Commissioner a written notice of its election to comply with the provisions of this paragraph (b) after a specified date before January 1st, 1966. After the filing of such notice, then upon such specified date (which shall be the operative date of this paragraph (b) for such company), this paragraph (b) shall become operative with respect to the ordinary policies thereafter issued by such company. WHEREAS, it is the intent of the General Assembly of North Carolina that the assistance granted be used in a manner consistent with the purposes for which the program was created and that the assistance actually reaches the needy dependent children: Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. Chapter 108 of the General Statutes is hereby amended by adding thereto a new Section following Section 108-63, to be numbered 108-63.1, and to read as follows:

"Sec. 108-63.1. Supervision of assistance in certain cases. Whenever a county board of welfare determines that the recipient of assistance payments granted under the provisions of Part 2 of this Article, entitled the Aid to Dependent Children, Act has not used said assistance to provide food, shelter, clothing, household and medical supplies, and other necessities, which are required for the care and support of the dependent child or children who are the intended beneficiaries of the assistance, or of the needy relative with whom such child or children live, then the county wel-

fare board shall enter an order requiring the county superintendent of public welfare to supervise the expenditure of such assistance payments by the recipient, to cause such assistance to be used for the aforementioned necessities, and the superintendent shall comply with said order. Said supervision may include conferences with the recipient, preparation of monthly budgets for the recipient, requiring reporting on such expenditures by the recipient, and otherwise directing the expenditure of the assistance in accordance with such budgets.

"Following the entry of the order requiring the superintendent to supervise the expenditure of the assistance, the county board of welfare shall cause notice thereof to be served on the recipient. If the recipient objects to the order, he may appear at the next meeting of the board held not less than five days after service of notice of the order upon the recipient, and, in such event, the superintendent shall not begin the supervision of the expenditures of the assistance until further order by the board. If, after hearing the recipient, the board reaffirms the order directing the superintendent to supervise the expenditures of assistance, the recipient may appeal therefrom to the State Board of Allotments and Appeal, in the manner and form prescribed by the Board of Allotments and Appeal.

"The Board of Allotments and Appeal shall, upon receipt of such appeal, give the recipient and the county board of welfare reasonable notice and opportunity for a fair hearing. The decision of the State Board of Allotments and Appeal shall be final. In the event of such appeal, the order directing the superintendent to supervise the expenditures of assistance shall not be operative unless and until the State Board of Allotments and Appeal determines that the county board of welfare properly entered such order in accordance with the provisions of the Section.

"The county board of welfare may, at any time, rescind or terminate the order requiring the county welfare superintendent to supervise the expenditure of assistance. The supervision of expenditures provided in this Section shall continue until the order is terminated by the county welfare board."

Sec. 2. In the event that the Secretary of Health, Education, and Welfare notifies the State Board of Public Welfare that further payments of Federal funds to the State of North Carolina for aid to dependent children will not be made because the procedures provided by this Act are prohibited by the Social Security Act, as amended, or by other applicable Federal statutes, or by proper and authorized regulations having the force and effect of law, then and in that event no county board of welfare or county superintendent of public welfare shall take any further action pursuant to the provisions of this Act.

Sec. 3. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 4. This Act shall be in full force and effect on and after July 1, 1959.

S. B. 161 CHAPTER 682

AN ACT RELATING TO THE UNIFORM ASSESSMENT OF PROPERTY FOR AD VALOREM TAX PURPOSES.

The General Assembly of North Carolina do enact:

Section 1. The first paragraph of G. S. 105-294, as same appears in the 1958 Replacement Volume 2C, is hereby rewritten to read as follows:

"G. S. 105-294. Taxes to be on Uniform Assessment Basis as to Class. All property, real and personal, shall as far as practicable be appraised or valued at its true value in money. The intent and purpose of this Section is to have all property and subjects of taxation appraised at their true and actual value in money, in such manner as such property and subjects of taxation are usually sold, but not by forced sale thereof; and the words 'market value', 'true value', or 'cash value', whenever used in this Chapter, shall be held to mean for the amount of cash or receivables the property and subjects can be transmuted into when sold in such manner as such property and subjects are usually sold.

"In the year in which a revaluation of real property, conducted in a county under the provisions of G. S. 105-278, is to take effect, and annually thereafter, the board of county commissioners shall select and adopt some uniform percentage of the amount at which property has been appraised as the value to be used in taxing property. The percentage selected shall be adopted by resolution of the board of county commissioners prior to the first meeting of the board of equalization and review, and such percentage shall be known as the assessment ratio. Before the adoption of the resolution, representatives of municipalities and other taxing authorities required by this Section to use the assessments determined by the board of county commissioners shall be given an opportunity to make recommendations as to that assessment ratio which would provide a reasonable and adequate tax base in each such municipality or other taxing unit. The board shall give due consideration to any recommendation so made, but final action selecting and adopting the assessment ratio shall be taken by the board. Within ten days after adopting its assessment ratio, the board of county commissioners shall forward a certified copy of the adoption resolution to the State Board of Assessment.

"The percentage or assessment ratio selected shall be applied to the appraised value of all real and personal property subject to assessment in the county. The tax records of the county shall show for all property both the appraisal value and the assessed value for tax purposes. Taxes levied by all counties, municipalities, and other local taxing authorities shall be levied uniformly on assessments so determined.

"In the fourth year following revaluation of real property by actual appraisal as required by G. S. 105-278, each county shall review its appraisal values and make whatever revisions are needed to bring them into line with current market or cash value, such revisions to be made horizontally only, by uniform percentages of increase or reduction rather than by actual appraisal and reassessment of individual properties. To the appraisal values thus revised, each county shall, for tax assessment purposes, apply the assessment ratio selected and adopted as hereinabove provided."

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall be in full force and effect on and after January 1, 1960.

In the General Assembly read three times and ratified, this the 2nd day of June, 1959.

The General Assembly of North Carolina do enact:

Section 1. Chapter 146 of the General Statutes is hereby rewritten to read as follows:

"CHAPTER 146.
"STATE LANDS.
"SUBCHAPTER I. UNALLOCATED STATE LANDS.
"Article 1.
"General Provisions.

"§ 146-1. Intent of this subchapter. It is the purpose and intent of this subchapter to vest in the Department of Administration, subject to rules and regulations adopted by the Governor and approved by the Council of State as hereinafter provided, responsibility for the management, control and disposition of all vacant and unappropriated lands, swamp lands, lands acquired by the State by virtue of being sold for taxes, and submerged lands, title to which is vested in the State or in any State agency, to be exercised subject to the provisions of this subchapter.

"§ 146-2. Department of Administration given control of certain State lands; general powers. The power to manage, control, and dispose of the vacant and unappropriated lands, swamp lands, lands acquired by the State by virtue of being sold for taxes, and submerged lands is hereby vested in the Department of Administration, subject to rules and regulations adopted by the Governor and approved by the Council of State, and subject to the provisions of this subchapter. The Department of Administration shall have the following general powers and duties with respect to those lands:

"(1) To take such measures as it deems necessary to establish, protect, preserve, and enhance the interest of the State in those lands, and to call upon the Attorney General for legal assistance in performing this duty.

"(2) Subject to the approval of the Governor and Council of State, to adopt such rules and regulations as it may deem necessary to carry out its duties under the provisions of this subchapter.

"Article 2.
"Dispositions.

"§ 146-3. What lands may be sold. Any State lands may be disposed of by the State in the manner prescribed in this Chapter, with the following exceptions:

"(1) No submerged lands may be conveyed in fee, but easements therein may be granted, as provided in this subchapter.

"(2) No natural lake belonging to the State or to any State agency on January 1, 1959, and having an area of 50 acres or more, may be in any manner disposed of, but all such lakes shall be retained by the State for the use and benefit of all the people of the State and administered as provided for other recreational areas owned by the State.

"§ 146-4. Sales of certain State lands. The Department of Administration may sell the vacant and unappropriated lands, swamp lands, and lands acquired by the State by virtue of being sold for taxes, at public or private sale, at such times, upon such consideration, in such portions, and upon such terms as are deemed proper by the Department and approved by the Governor and Council of State. Every deed conveying any part of those lands in fee shall be executed in the manner required by G. S. 146-74 through 146-78, and shall be approved by the Governor and Council of

State as therein required. The net proceeds of all such sales of those lands shall be paid into the State Literary Fund. Whenever negotiations are begun by the Department for the purpose of selling swamp land or the timber thereon, the Department shall promptly notify the State Board of Education of that fact. If the Board deems the proposed sale inadvisable, it may so inform the Governor and Council of State, who may give due consideration to the representations of the Board in determining whether to approve or disapprove the proposed transaction.

"§ 146-5. Reservation to the State. In any sale of the vacant and unappropriated lands or swamp lands by the State, the following powers may be expressly reserved to the State, to be exercised according to law:

"(1) The State may make any reasonable and expedient regulations respecting the repair of the canals which have been cut by the State, or the enlargement of such canals.

"(2) The State may impose taxes on the lands benefited by those canals for their repair, and they shall not be closed.

"(3) The navigation of the canals shall be free to all persons, subject to a right in the State to impose tolls.

"(4) All landowners on the canals may drain into them, subject only to such general regulations as now are or hereafter may be made by law in such cases.

"(5) The roads along the banks of the canals shall be public roads.

"§ 146-6. Title to land raised from navigable water. (a) If any land is, by any process of nature or as a result of the erection of any pier, jetty or breakwater, raised above the high water mark of any navigable water, title thereto shall vest in the owner of that land which, immediately prior to the raising of the land in question, directly adjoined the navigable water. The tract, title to which is thus vested in a riparian owner, shall include only the front of his formerly riparian tract and shall be confined within extensions of his property lines, which extensions shall be perpendicular to the channel, or main watercourses.

"(b) If any land is, by act of man, raised above the high water mark of any navigable water by filling, except such filling be to reclaim lands theretofore lost to the owner by natural causes or as otherwise provided under the proviso of subsection (d), title thereto shall vest in the State and the land so raised shall become a part of the vacant and unappropriated lands of the State, unless the Governor and Council of State shall have previously approved, in the manner provided in subsection (c) of this Section, the commission of the act which caused the raising of the land in question.

"(c) If any owner of land adjoining any navigable water desires to fill in the area immediately in front of his land, he may apply to the Department of Administration for an easement to make such fill. The applicant shall deliver to each owner of riparian property adjoining that of the applicant, a copy of the application filed with the Department of Administration, and each such riparian owner shall have 30 days from the date of such service to file with the Department of Administration written objections to the granting of the proposed easement. If the Department of

Administration finds that the proposed fill will not impede navigation or otherwise interfere with the use of the navigable water by the public or injure any adjoining riparian owner, it shall issue to such applicant an easement to fill and shall fix the consideration to be paid for the easement, subject to the approval of the Governor and Council of State in each instance. The granting by the State of the permit or easement so to fill shall be deemed conclusive evidence and proof that the applicant has complied with all requisite conditions precedent to the issuance of such permit or easement, and his right shall not thereafter be subject to challenge by reason of any alleged omission on his part. None of the provisions of this Section shall relieve any riparian owner of the requirements imposed by the applicable laws and regulations of the United States. Upon completion of such filling, the Governor and Council of State may, upon request, direct the execution of a quitclaim deed therefor to the owner to whom the easement was granted, conveying the land so raised, upon such terms as are deemed proper by the Department and approved by the Governor and Council of State.

"(d) If an island is, by any process of nature or by act of man, formed in any navigable water, title to such island shall vest in the State and the island shall become a part of the vacant and unappropriated lands of the State. Provided, however, that if in any process of dredging, by either the State or Federal government, for the purpose of deepening any harbor or inland waterway, or clearing out or creating the same, a deposit of the excavated material is made upon the lands of any owner, and title to which at the time is not vested in either the State or Federal government, or any other person, whether such excavation be deposited with or without the approval of the owner or owners of such land, all such additions to lands shall accrue to the use and benefit of the owner or owners of the land or lands on which such deposit shall have been made, and such owner or owners shall be deemed vested in fee simple with the title to the same.

"(e) The Governor and Council of State may, upon proof satisfactory to them that any land has been raised above the high water mark of any navigable water by any process of nature or by the erection of any pier, jetty or breakwater, and that this, or any other provision of this Section vests title in the riparian owner thereof, whenever it may be necessary to do so in order to establish clear title to such land in the riparian owner, direct execution of a quitclaim deed thereto, conveying to such owner all of the State's right, title, and interest in such raised land.

"§ 146-7. Timber rights. The Department of Administration may sell timber rights in the vacant and unappropriated lands, swamp lands, and lands acquired by the State by virtue of being sold for taxes, at public or private sale, at such times, upon such consideration, in such portions, and upon such terms as are deemed proper by the Department and approved by the Governor and Council of State. Every instrument conveying timber rights shall be executed in the manner required of deeds by G. S. 146-74 through 146-78, and shall be approved by the Governor and Council of State as therein required, or by the agency designated by the Governor

and Council of State to approve conveyances of such rights. The net proceeds of all sales of timber from those lands shall be paid into the State Literary Fund.

"§ 146-8. Disposition of mineral deposits in State lands under water. The State, acting at the request of the Department of Conservation and Development, is fully authorized and empowered to sell, lease, or otherwise dispose of any and all mineral deposits belonging to the State which may be found in the bottoms of any sounds, rivers, creeks, or other waters of the State. The State, acting at the request of the Department of Conservation and Development, is authorized and empowered to convey or lease to such person or persons as it may, in its discretion, determine, the rights to take, dig, and remove from such bottoms such mineral deposits found therein belonging to the State as may be sold, leased, or otherwise disposed of to them by the State. The State, acting at the request of the Department of Conservation and Development, is authorized to grant to any person, firm, or corporation, within designated boundaries for definite periods of time, the right to such mineral deposits, or to sell, lease, or otherwise dispose of same upon such other terms and conditions as may be deemed wise and expedient by the State and to the best interest of the State. Before any such sale, lease, or contract is made, it shall be approved by the Department of Administration and by the Governor and Council of State.

"Any sale, lease, or other disposition of such mineral deposits shall be made subject to all rights of navigation and subject to such other terms and conditions as may be imposed by the State.

"The net proceeds derived from the sale, lease, or other disposition of such mineral deposits shall be paid into the treasury of the State, but the same shall be used exclusively by the Department of Conservation and Development in paying the costs of administration of this Section and for the development and conservation of the natural resources of the State, including any advertising program which may be adopted for such purpose, all of which shall be subject to the approval of the Governor, acting by and with the advice of the Council of State.

"§ 146-9. Disposition of mineral deposits in State lands not under water. The Department of Administration may sell, lease, or otherwise dispose of mineral rights or deposits in the vacant and unappropriated lands, swamp lands, and lands acquired by the State by virtue of being sold for taxes, not lying beneath the waters of the State, at such times, upon such consideration, in such portions, and upon such terms as are deemed proper by the Department and approved by the Governor and Council of State. Every instrument conveying such rights shall be executed in the manner required of deeds by G. S. 146-74 through 146-78, and shall be approved by the Governor and Council of State as therein provided, or by the agency designated by the Governor and Council of State to approve conveyances of such rights. The net proceeds of dispositions of all such mineral rights or deposits shall be paid into the State Literary Fund.

"§ 146-10. Leases. The Department of Administration may lease or rent the vacant and unappropriated lands, swamp lands, and lands acquired

by the State by virtue of being sold for taxes, at such times, upon such consideration, in such portions, and upon such terms as it may deem proper. Every lease or rental of such lands by the Department shall be approved by the Governor and Council of State, or by the agency designated by the Governor and Council of State to approve such lease and rentals.

"§ 146-11. Easements, rights-of-way, etc. The Department of Administration may grant easements, rights-of-way, dumping rights and other interests in State lands, for the purpose of

"(1) cooperating with the Federal government,

"(2) utilizing the natural resources of the State, or

"(3) otherwise serving the public interest.

"The Department shall fix the terms and consideration upon which such rights may be granted. Every instrument conveying such interests shall be executed in the manner required of deeds by G. S. 146-74 through 146-78, and shall be approved by the Governor and Council of State as therein provided, or by the agency designated by the Governor and Council of State to approve conveyances of such interests.

"§ 146-12. Easements in lands covered by water. The Department of Administration may grant, to adjoining riparian owners, easements in lands covered by navigable waters or by the waters of any lake owned by the State for such purposes and upon such conditions as it may deem proper, with the approval of the Governor and Council of State. The Department may, with the approval of the Governor and Council of State, revoke any such easement upon the violation by the grantee or his assigns of the conditions upon which it was granted.

"Every such easement shall include only the front of the tract owned by the riparian owner to whom the easement is granted, shall extend no further than the deep water, and shall in no respect obstruct or impair navigation.

"When any such easement is granted in front of the lands of any incorporated town, the governing body of the town shall regulate the line on deep water to which wharves may be built.

"§ 146-13. Erection of piers on State lakes restricted. No person, firm, or corporation shall erect upon the floor of, or in or upon, the waters of any State lake, any dock, pier, pavilion, boathouse, bathhouse, or other structure, without first having secured a permit to do so from the Department of Administration, or from the agency designated by the Department to issue such permits. Each permit shall set forth in required detail the size, cost, and nature of such structure; and any person, firm, or corporation erecting any such structure without a proper permit or not in accordance with the specifications of such permit shall be guilty of a misdemeanor and upon conviction shall be fined not more than fifty dollars ($50.00) or imprisoned not exceeding 30 days. The State may immediately proceed to remove such unlawful structure through due process of law, or may abate or remove the same as a nuisance after five days' notice.

"§ 146-14. Proceeds of dispositions of certain State lands. The net proceeds of all sales, leases, rentals, or other dispositions of the vacant and unappropriated lands, swamp lands, and lands acquired by the State

by virtue of being sold for taxes, and all interests and rights therein, shall be paid into the State Literary Fund, except as otherwise provided in this Chapter.

"§ 146-15. Definition of net proceeds. For the purposes of this subchapter, the term 'net proceeds' means the gross amount received from the sale, lease, rental, or other disposition of any State lands, less

"(1) such expenses incurred incident to that sale, lease, rental, or other disposition as may be allowed under rules and regulations adopted by the Governor and approved by the Council of State;

"(2) amounts paid pursuant to G. S. 105-296.1, if any; and

"(3) a service charge to be paid into the State Land Fund.

The Department of Administration shall be responsible for discovering, inventorying, surveying, and reclaiming the vacant and unappropriated lands, swamp lands, and lands acquired by the State by virtue of being sold for taxes, and shall take all measures necessary to that end. All expenses incurred in the performance of these activities shall be paid from the State Land Fund, unless otherwise provided by the General Assembly.

"§ 146-17. Mapping and discovery agreements. The Department of Administration, acting on behalf of the State, for the purpose of discovering State lands, may, with the approval of the Governor and Council of State, enter into agreements with counties, municipalities, persons, firms, and corporations providing for the discovery of State land by the systematic mapping of the counties of the State and by other appropriate means. All expenses incurred by the Department incident to such mapping and discovery agreements shall be paid from the State Land Fund, unless otherwise provided by the General Assembly.

"Article 4.

"Miscellaneous Provisions.

"§ 146-18. Recreational use of State lakes regulated. All recreation, except hunting and fishing, in, upon, or above any or all of the State lakes referred to in this subchapter may be regulated in the public interest by the State agency having administrative authority over these areas.

"§ 146-19. Fishing license fees for non-residents of counties in which State lakes are situated. The Wildlife Resources Commission, through its authorized agent or agents, is hereby authorized to require of nonresidents of the county within which a State lake is situated a daily or weekly permit

in lieu of the regular 'resident State license' for fishing with hook and line or rod and reel within said lake in accordance with the regulations of the Commission relating to said lake. Except for the provisions of this Section, the laws and regulations dealing with the issuance of fishing permits by said Commission must be complied with.

"§ 146-20. Forfeiture for failure to register deeds. All the grants and deeds for swamp lands made prior to November 1, 1883, must have been proved and registered, in the county where the lands are situate, within twelve months from November 1, 1883, and every such grant or deed, not being so registered within that time, shall be void, and the title of the proprietor in such lands shall revert to the State; but the provisions of this Section shall be applicable only to the swamp lands which have been surveyed or taken possession of by, or are vested in, the State or its agencies.

"SUBCHAPTER II. ALLOCATED STATE LANDS.

"Article 5.

"General Provisions.

"§ 146-21. Intent of this subchapter. It is the purpose and intent of this subchapter to provide for and regulate the acquisition, disposition, and management of all State lands other than the vacant and unappropriated lands, swamp lands, lands acquired by the State by virtue of being sold for taxes, and submerged lands.

"Article 6.

"Acquisitions.

"§ 146-22. All acquisitions to be made by Department of Administration. Every acquisition of land on behalf of the State or any State agency, whether by purchase, condemnation, lease, or rental, shall be made by the Department of Administration and approved by the Governor and Council of State.

"§ 146-23. Agency must file statement of needs; Department must investigate. Any state agency desiring to acquire land, whether by purchase, condemnation, lease, or rental, shall file with the Department of Administration an application setting forth its needs, and shall furnish such additional information as the Department may request relating thereto. Upon receipt of such application, the Department of Administration shall promptly investigate all aspects of the requested acquisition, including the existence of actual need for the requested property on the part of the requesting agency; the availability of land already owned by the State or by any State agency which might meet the requirements of the requesting agency; the availability, value, and status of title of other land, whether for purchase, condemnation, lease, or rental, which might meet the requirements of the requesting agency; and the availability of funds to pay for land if purchased, condemned, leased, or rented.

"§ 146-24. Procedure for purchase or condemnation. (a) If, after investigation, the Department determines that it is in the best interest of the State that land be acquired, the Department shall proceed to negotiate with the owners of the desired land for its purchase.

"(b) If the purchase price and other terms are agreed upon, the Department shall then submit to the Governor and Council of State the pro-

posed purchase, together with a copy of the deed, for their approval or disapproval. If the Governor and Council of State approve the proposed purchase, the Department shall pay for the land and accept delivery of a deed thereto. All conveyances of purchased real property shall be made to 'The State of North Carolina', and no such conveyance shall be made to a particular agency, or to the State for the use or benefit of a particular agency.

"(c) If negotiations for the purchase of the land are unsuccessful, or if the State cannot obtain a good and sufficient title thereto by purchase from the owners, then the Department of Administration may request permission of the Governor and Council of State to exercise the right of eminent domain and acquire any such land by condemnation in the manner prescribed by Chapter 40 of the General Statutes. Upon approval by the Governor and Council of State, the Department may proceed to exercise the right of eminent domain. Approval by no other State agency shall be required as a prerequisite to the exercise of the power of eminent domain by the Department.

"§ 146-25. Leases and rentals. If, after investigation, the Department of Administration determines that it is in the best interest of the State that land be leased or rented for the use of the State or of any State agency, the Department shall proceed to negotiate with the owners for the lease or rental of such property. All lease and rental agreements entered into by the Department shall be promptly submitted to the Governor and Council of State for approval or disapproval.

"§ 146-26. Donations and devises to State. No devise or donation of land or any interest therein to the State or to any State agency shall be effective to vest title to the said land or any interest therein in the State or in any State agency until the devise or donation is accepted by the Governor and Council of State. Upon acceptance by the Governor and Council of State, title to the said land or interest therein shall immediately vest as of the time title would have vested but for the above requirement of acceptance by the Governor and Council of State.

"Article 7.

"Dispositions.

"§ 146-27. All sales, leases, and rentals to be made by Department of Administration. Every sale, lease, or rental of land owned by the State or by any State agency shall be made by the Department of Administration and approved by the Governor and Council of State. In no event shall the Department of Administration have authority to initiate any proceeding for the sale, lease, or rental of land heretofore allocated to or used by any State agency.

"§ 146-28. Agency must file application with Department; Department must investigate. Any State agency desiring to sell, lease, or rent any land owned by the State or by any State agency shall file with the Department of Administration an application setting forth the facts relating to the proposed transaction, and shall furnish the Department with such additional information as the Department may request relating thereto. Upon receipt of such application, the Department of Administra-

tion shall promptly investigate all aspects of the proposed transaction, including particularly present and future State need for the land proposed to be conveyed, leased, or rented.

"§ 146-29. Procedure for sale, lease, or rental. If, after investigation, the Department of Administration determines that it is in the best interest of the State that land be sold, leased, or rented, the Department shall proceed with its sale, lease, or rental, as the case may be, in accordance with rules adopted by the Governor and approved by the Council of State. If an agreement of sale, lease, or rental is reached, the proposed transaction shall then be submitted to the Governor and Council of State for their approval or disapproval. Every conveyance in fee of land owned by the State or by any State agency shall be made and executed in the manner prescribed by G. S. 146-74 through 146-78.

"§ 146-30. Application of net proceeds. The net proceeds of any disposition made in accordance with this subchapter shall be handled in accordance with the following priority: First, in accordance with the provisions of any trust or other instrument of title whereby title to such real property was heretofore acquired or is hereafter acquired; Second, as provided by any other Act of the General Assembly; Third, the net proceeds shall be deposited with the State Treasurer in a Capital Improvement account to the credit of the State agency at whose request the disposition was approved, to be used for such specific capital improvement projects or other purposes as are approved by the Director of the Budget and the Advisory Budget Commission.

"For the purposes of this subchapter, the term 'net proceeds' means the gross amount received from the sale, lease, rental, or other disposition of any State lands, less

"(1) such expenses incurred incident to that sale, lease, rental, or other disposition as may be allowed under rules and regulations adopted by the Governor and approved by the Council of State;

"(2) amounts paid pursuant to G. S. 105-296.1, if any; and

"(3) a service charge to be paid into the State Land Fund.

"The amount or rate of such service charge shall be fixed by rules and regulations adopted by the Governor and approved by the Council of State, but as to any particular sale, lease, rental, or other disposition, it shall not exceed ten per cent (10%) of the gross amount received from such sale, lease, rental, or other disposition. Notwithstanding any other provision of this subchapter, the net proceeds derived from the sale of land or products of land owned by or under the supervision and control of the Wildlife Resources Commission, or acquired or purchased with funds of that Commission, shall be paid into the Wildlife Resources Fund.

"Article 8.

"Miscellaneous Provisions.

"§ 146-31. Right of appeal to Governor and Council of State. The requesting agency, in the event of disagreement with a decision of the Department of Administration regarding the acquisition or disposition of land pursuant to the provisions of this subchapter, shall have the right of appeal to the Governor and Council of State.

"§ 146-32. Exemptions as to leases, etc. The Governor, acting with the approval of the Council of State, may adopt rules and regulations

"(1) exempting from any or all of the requirements of this subchapter such classes of lease, rental, easement, and right-of-way transactions as he deems advisable; and

"(2) authorizing any State agency to enter into and/or approve those classes of transactions exempted by such rules and regulations from the requirements of this Chapter.

"§ 146-33. State agencies to locate and mark boundaries of lands. Every State agency shall locate and identify, and shall mark and keep marked, the boundaries of all lands allocated to that agency or under its control. The Department of Administration shall locate and identify, and mark and keep marked, the boundaries of all State lands not allocated to or under the control of any other State agency. The chief administrative officer of every State agency is authorized to contract with the State Prison Department for the furnishing, upon such conditions as may be agreed upon from time to time between the State Prison Department and the chief administrative officer of that agency, of prison labor for use where feasible in the performance of these duties.

"§ 146-34. Agencies may establish agreed boundaries. Every State agency may establish agreed boundaries between lands allocated to it or under its control, and the lands of any other owner, subject to the approval of the Governor and Council of State. The Department of Administration is authorized to establish agreed boundaries between State lands not allocated to or under the control of any other State agency and the lands of any other owner, subject to the approval of the Governor and Council of State. The Attorney General shall represent the State in all proceedings to establish boundaries which cannot be established by agreement.

"§ 146-35. Severance approval delegation. The Governor, acting with the approval of the Council of State, may adopt rules and regulations delegating to any other State agency the authority to approve the severance of buildings and standing timber from State lands. Upon such approval of severance, the buildings or timber affected shall be, for the purposes of this Chapter, treated as personal property.

"§ 146-36. Acquisitions for and conveyances to Federal government. The Governor and Council of State may, whenever they find that it is in the best interest of the State to do so, enter into any contract or other agreement which will be sufficient to comply with Federal laws or regulations, binding the State to acquire for and to convey to the United States government land or any interest in land, and to do such other acts and things as may be necessary for such compliance.

"The Governor and Council of State may authorize any conveyance to the United States government to be made upon nominal consideration whenever they deem it to be in the best interest of the State to do so.

"SUBCHAPTER III. ENTRIES AND GRANTS.

"Article 9.

"General Provisions.

"§ 146-37. Intent of this subchapter. It is the purpose and intent of

this subchapter to protect vested rights, titles, and interests acquired under the laws governing entries and grants as they read immediately prior to the ratification of this Chapter.

"§ 146-38. Pending entries. All entries which have been filed with entry takers within one year prior to the ratification of this Chapter, or filed more than one year prior to the ratification of this Chapter but still pending due to the filing of protest to the entry, shall be processed pursuant to the provisions of Chapter 146 of the General Statutes as it read immediately prior to the ratification of this Chapter. Every such entry shall be paid for within one year from the date of entry, unless a protest be filed to the entry, in which event it shall be paid for within one year after final judgment on the protest; and all entries not thus paid for shall become null and void, and shall not be subject to renewal. It shall be the duty of both the enterer and protestant to conclude, within twelve months from the date of ratification of this Chapter, all actions wherein a protest has been filed, and such cases shall be given preference on the dockets of the courts of the State. Any action not so concluded shall be deemed a lapse as to enterer and protestant. It is not the intent of this proviso to void any previous grant of the State of North Carolina, or to divest any vested right, but to terminate all rights accrued on account of any entry wherein no grant has been made. Provided that the Resident Judge of the Superior Court or the Judge holding the Superior Courts of the district where the land lies, may, for good cause shown, extend the time within which an action in which a protest has been filed is required by this Section to be concluded; but no extension shall exceed one year in duration. A copy of this Section shall be mailed by the Secretary of State to all parties to actions wherein protests have been filed as may be determined by records available in his office, and to all Clerks of the Superior Court of the State.

"§ 146-39. Void grants; not color of title. Every entry made and every grant issued for any lands not authorized by G. S. 146-1 through 146-77, as those Sections read immediately prior to the ratification of this Chapter, to be entered or granted shall be void.

"Every grant of land issued since March 6, 1893, in pursuance of the statutes regulating entries and grants, shall, if such land or any portion thereof has been heretofore granted by this State, so far as relates to any such land heretofore granted, be absolutely void for all purposes whatever, shall confer no rights upon the grantee therein or those claiming under such grantee, and shall in no case and under no circumstances constitute any color of title to any person.

"Article 10.

"Surveys.

"§ 146-40. Record of surveys to be kept. The county commissioners of the several counties of the State shall provide a suitable book or books for recording of surveys of entries of land, to be known as Record of Surveys, to be kept in the office of register of deeds as other records are kept. Such record shall have an alphabetical and numerical index, the numerical index to run consecutively. It shall be the duty of every county surveyor

or his deputy surveyor who makes a survey to record in such book a perfect and complete record of all surveys of lands made upon any warrant issued upon any entry, and date and sign same as of the date such survey was made.

"§ 146-41. Former surveys recorded. Where any ex-surveyor of a county is alive and has correct minutes or notes of surveys of land on entries made by him during his term of office, it shall be lawful for him to record and index such survey in the Record of Surveys, and the county commissioners shall pay for such services ten cents (10¢) for each survey so recorded and indexed.

"§ 146-42. What record must show; received as evidence. All surveys so recorded in such book shall show the number of the tract of land, the name of the party entering, and the name of the assignee if there be any assignee; and shall be duly indexed, both alphabetically and numerically, in such record in the name of the party making the entry and in the name of the assignee if there be any assignee. Such record of any surveyor or deputy surveyor when so made shall be read in evidence in any action or proceeding in any court: Provided that if such record differs from the original certificates of survey heretofore made or on file in the office of the Secretary of State, such original or certified copy of the certificate in the Secretary of State's office shall control.

"Article 11.

"Grants.

"§ 146-43. Cutting timber on land before obtaining a grant. If any person shall make an entry of any lands, and before perfecting title to same shall enter upon such lands and cut therefrom any wood, trees, or timber, he shall be guilty of a misdemeanor. Any person found guilty under the provisions of this Section shall further pay to the State double the value of the wood, trees, or timber taken from the land, and it shall be the duty of the solicitor of the district in which the land lies to sue for the same.

"§ 146-44. Card index system for grants. The Secretary of State shall install in his office a card index system for grants, and every warrant, plot, and survey that can be found shall be encased in separate envelopes. Each card and envelope shall show substantially the following:

..... County ..... Acres

Name .....

Grant No. ..... Issued .....

Grant Book ..... Page .....

Entry No. ..... Entered .....

File No. .....

Location .....

Remarks .....

"Such grant books as are old and falling to pieces shall be recopied, and whenever any part of the record of a grant is partly gone or destroyed the Secretary of State shall restore same, if he can do so with accuracy from the description in the plot and survey upon which the grant was issued and original record made.

"§ 146-45. Grant of Moore's Creek Battlefield authorized. In conjunction with an Act of Congress relating to the establishment of the Moore's Creek National Military Park (June 2, 1926, c. 448, s. 2, 44 Stat. 684; U. S. Code, Title 16, ss. 422-422(d)), the Governor of the State of North Carolina is hereby authorized to execute to the United States government a deed vesting the title to Moore's Creek Battlefield, Pender County, in said United States government on behalf of the State of North Carolina, to preserve the same as an historical battlefield: Provided that the consent of the State of North Carolina to such acquisition by the United States is upon the express condition that the State of North Carolina shall so far retain a concurrent jurisdiction with the United States over such battlefield as that all civil and criminal processes issued from the courts of the State of North Carolina may be executed thereon in like manner as if this authority had not been given: Provided further, that the title to said battlefield so conveyed to the United States shall revert to the State of North Carolina unless said land is used for the purpose for which it is ceded.

"Article 12.

"Correction of Grants.

"§ 146-46. When grants may issue. In any case where, under the provisions of this subchapter, the Secretary of State is authorized to issue a grant or a duplicate grant to correct an error in a prior grant, the grant of correction shall be authenticated by the Governor, countersigned by the Secretary of State, and recorded in the office of the Secretary of State. The date of the entry and the number of the survey from the certificate of survey upon which the grant is founded shall be inserted in every such grant, and a copy of the plot shall be attached to the grant.

"§ 146-47. Change of county line before grant issued or registered. All grants issued on entries for lands which were entered in one county, and before the issuing of the grants therefor or the registration of the grants, by the change of former county lines or the establishment of new lines, the lands so entered were placed in a county or in counties different from that in which they were situated, and the grants were registered in the county where the entries were made, shall be good and valid, and the registration of the grant shall have the same force and effect as if they had been registered in the county where the lands were situated. All persons claiming under and by such grants may have them, or a certified copy of the same, from the office of the Secretary of State, or from the office of the register of deeds when they had been erroneously registered, recorded in the office of the register of deeds of the county or counties where the lands lie, and such registration shall have the same force and effect as if the grants had been duly registered in such county or counties.

"§ 146-48. Entries in wrong county. Whereas many citizens of the State, on making entries of lands near the lines of the county wherein they reside, either for want of proper knowledge of the land laws of the State or not knowing the county lines, have frequently made entries and extended their surveys on such entries into other counties than those wherein they were made, and obtained grants on the same; and whereas

doubts have existed with respect to the validity of the titles to lands situated as aforesaid, so far as they extend into other counties than those where the entries were made; for remedy whereof it is hereby declared that all grants issued on entries made for lands situated as aforesaid shall be good and valid against any entries thereafter made or grants issued thereon.

"§146-49. Errors in surveys of plots corrected. Whenever there may be an error by the surveyor in plotting or making out the certificate for the Secretary's office, or whenever the Secretary shall make a mistake in making out the courses agreeable to such returns, or misname the claimant, or make other mistake, so that such claimant shall be injured thereby, the claimant may prefer a petition to the Superior Court of the county in which the land lies, setting forth the injury which he might sustain in consequence of such error or mistake, with all matters and things relative thereto. The Court may hear testimony respecting the truth of the allegations set forth in the petition; and if it shall appear by the testimony, from the return of the surveyor or the error of the Secretary, that the patentee is liable to be injured thereby, the Court shall direct the Clerk to certify the facts to the Secretary of State, who shall file the same in his office, and correct the error in the patent, and likewise in the records of his office. The costs of such suit shall be paid by the petitioner, except when any person may have made himself a party to prevent the prayer of the petitioner being granted, in which case the costs shall be paid as the Court may decree. The benefits granted by this Section to the patentees of land shall be extended in all cases to persons claiming by, from, or under their grants, by descent, devise, or purchase. When any error is ordered to be rectified, and the same has been carried through from the grant into mesne conveyances, the Court shall direct a copy of the order to be recorded in the register's book of the county: Provided no such petition shall be brought but within three years after the date of the patent; and if brought after that time, the Court shall dismiss the same, and all proceedings had thereon shall be null and of no effect: Provided further, nothing herein shall affect the rights or interest of any person claiming under a patent issued between the period of the date of the grant alleged to be erroneous and the time of filing the petition, unless such person shall have had due notice of the filing of the petition, by service of a copy thereof, and an opportunity of defending his rights before the Court according to the course of the common law.

"§146-50. Resurvey of lands to correct grants. Persons who have entered vacant lands shall not be defeated in their just claims by mistakes or errors in the surveys and plots furnished by surveyors. In every case where the purchase money has been paid into the State treasury within the time prescribed by law after entry, and the survey or plot furnished shall be found to be defective or erroneous, the party having thus made entry and paid the purchase price may obtain another warrant of survey from the register of deeds of the county where the land lies, and have his entry surveyed as is directed by existing laws. On presenting a certificate of survey and two fair plots thereof to the Secretary of State within six

months after the payment of the purchase money, the party making such entry and paying such purchase price shall be entitled to receive, and it shall be the duty of the Secretary of State to issue to him, the proper grant for the lands so entered.

"§ 146-51. Lost seal replaced. In all cases where the seal annexed to a grant is lost or destroyed, the Governor may, on the certificate of the Secretary of State that the grant was fairly obtained, cause the seal of the State to be affixed thereto.

"§ 146-52. Errors in grants corrected. If in issuing any grant the number of the grant or the name of the grantee or any material words or figures suggested by the context have been omitted or not correctly written or given, or the description in the body of the grant does not correspond with the plot and description in the surveyor's certificate attached to the grant, or if in recording the grant in his office the Secretary of State has heretofore made or may hereafter make any mistake or omission by which any part of any grant has not been correctly recorded, the Secretary of State shall, upon the application of any party interested and the payment to him of his lawful fees, correct the original grant by inserting in the proper place the words, figures, or names omitted or not correctly given or suggested by the context; or if the description in the grant does not correspond with the surveyor's plot or certificate, the Secretary of State shall make the former correspond with the latter as the true facts may require. In case the party interested shall prefer it, the Secretary of State shall issue a duplicate of the original grant, including therein the corrections made; and in those cases in which grants have not been correctly recorded, he shall make the proper corrections upon his records, or by re-recording, as he may prefer; and any grant corrected as aforesaid may be recorded in any county of the State as other grants are recorded, and have relation to the time of the entry and date of the grant as in other cases.

"§146-53. Irregular entries validated. Wherever persons have, prior to January 1, 1883, irregularly entered lands and have paid the fees required by law to the Secretary of State, and have obtained grants for such lands duly executed, the title to the lands shall not be affected by reason of such irregular entries; and the grants are hereby declared to be as valid as if such entries had been properly made.

"§ 146-54. Grant signed by Deputy Secretary of State validated. Where State grants have heretofore been issued and the name of the Secretary of State has been affixed thereto by his deputy or chief clerk, or by anyone purporting to act in such capacity, such grants are hereby declared valid; but nothing herein contained shall interfere with vested rights.

"§ 146-55. Registration of grants. Every person obtaining a grant shall, within two years after such grant is perfected, cause the same to be registered in the county where the land lies; and any person may cause to be there registered any certified copy of a grant from the office of the Secretary of State, which shall have the same effect as if the original had been registered.

"§ 146-56. Time for registering grants extended. All grants from the State of North Carolina of lands and interests in land heretofore made, which were required or allowed to be registered within a time specified by law, or in the grants themselves, may be registered in the counties in which the lands lie respectively at any time within six years from January 1, 1918, notwithstanding the fact that such specified time has already expired, and all such grants heretofore registered after the expiration of such specified time shall be taken and treated as if they had been registered within such specified time: Provided that nothing herein contained shall be held or have the effect to divest any rights, titles, or equities in or to the land covered by such grants, or any of them, acquired by any person from the State of North Carolina by or through any entry or grant made or issued since such grants were respectively issued, or those claiming through or under such subsequent entry or grant.

"§ 146-57. Time for registering grants and other instruments extended. The time is hereby extended until September 1, 1926, for the proving and registering of all deeds of gift, grants from the State, or other instruments of writing heretofore executed and which are permitted or required by law to be registered, and which were or are required to be proved and registered within a limited time from the date of their execution; and all such instruments which have heretofore been or may be probated and registered before the expiration of the period herein limited shall be held and deemed, from and after the date of such registration, to have been probated and registered in due time, if proved in due form, and registration thereof be in other respects valid: Provided that nothing in this Section shall be held or deemed to validate or attempt to validate or give effect to any informal instrument; and provided further that this Section shall not affect pending litigation: Provided further that nothing herein contained shall be held deemed to place any limitation upon the time allowed for the registration of any instrument where no such limit is now fixed by law.

"§ 146-58. Time for registering grants further extended. The time for the registration of grants issued by the State of North Carolina is hereby extended for a period of two years from January 1, 1925: Provided that nothing herein contained shall be held or have the effect to divest any rights, titles, or equities in or to the land covered by such grants, or any of them, acquired by any person from the State of North Carolina by or through any entry or grant made or issued since such grants were respectively issued, or those claiming through or under such subsequent entry or grant.

"§ 146-59. Time for registering grants or copies extended. The time for the registration of grants issued by the State of North Carolina, or copies of such grants duly certified by the Secretary of State under his official seal, be and the same hereby is extended for a period of two years from January 1, 1927, and such grants or copies thereof duly certified as above set forth may be registered within such time as fully as the original might have been registered at any time heretofore: Provided that nothing herein contained shall be held or have the effect to divest any rights,

titles, or equities in or to the land covered by such grants or any of them, acquired by any person from the State of North Carolina by or through any entry or grant made or issued since such grants were respectively issued, or those claiming through or under such subsequent entry or grant.

"§ 146-60. Further extension of time for registering grants or copies. The time for the registration of grants issued by the State of North Carolina, or copies of such grants duly certified by the Secretary of State under his official seal, be and the same hereby is extended for a period of two years from January 1, 1947, next ensuing, and such grants or copies thereof duly certified as above set forth may be registered within such time as fully as the original might have been registered at any time heretofore: Provided that nothing herein contained shall be held or have the effect to divest any rights, titles, or equities in or to the land covered by such grants or any of them acquired by any person from the State of North Carolina by or through any entry or grant made or issued since such grants were respectively issued, or those claiming through or under such subsequent entry or grant.

"Article 13.

"Grants Vacated.

"§ 146-61. Civil action to vacate grant. When any person claiming title to lands under a grant or patent from the King of Great Britain, any of the Lords Proprietors of North Carolina, or from the State of North Carolina, shall consider himself aggrieved by any grant or patent issued or made since July 4, 1776, to any other person, against law or obtained by false suggestions, surprise, or fraud, the person aggrieved may bring a civil action in the Superior Court for the county in which such land may be, together with an authenticated copy of such grant or patent, briefly stating the grounds whereon such patent should be repealed and vacated, whereupon the grantee, patentee, or the person, owner, or claimant under such grant or patent, shall be required to show cause why the same shall not be repealed and vacated.

"§ 146-62. Judgment recorded in Secretary of State's office. If, upon verdict or demurrer, the Court believe that the patent or grant was made against law or obtained by fraud, surprise, or upon untrue suggestions, it may vacate the same; and a copy of such judgment, after being recorded at large, shall be filed by the petitioner in the Secretary of State's office, where it shall be recorded in a book kept for that purpose; and the Secretary shall note in the margin of the original record of the grant the entry of the judgment, with a reference to the record in his office.

"§ 146-63. Action by State to vacate grants. An action may be brought by the Attorney General in the name of the State for the purpose of vacating or annulling letters patent granted by the State, in the following cases:

"(1) When he has reason to believe that such letters patent were obtained by means of some fraudulent suggestion or concealment of a material fact, made by the person to whom the same were issued or made, or with his consent or knowledge; or

"(2) When he has reason to believe that such letters patent were issued through mistake, or in ignorance of a material fact; or

"(3) When he has reason to believe that the patentee, or those claiming under him, have done or omitted an act in violation of the terms and conditions on which the letters patent were granted, or have by any other means forfeited the interest acquired under the same.

"SUBCHAPTER IV. MISCELLANEOUS.

All expenditures from the Fund shall be made upon order of the Director of the Budget, or of the officer designated by him to issue such orders.

"Article 16.

"Form of Conveyances.

"§ 146-74. Approval of conveyances. Every proposed conveyance in fee of State lands shall be submitted to the Governor and Council of State for their approval. Upon approval of the proposed conveyance in fee by the Governor and Council of State, a deed for the land being conveyed shall be executed in the manner prescribed in this Article.

"Article 17.
"Title in State.

"§ 146-79. Title presumed in the State; tax titles. In all controversies and suits for any land to which the State or any State agency or its assigns shall be a party, the title to such lands shall be taken and deemed to be in the State or the State agency or its assigns until the other party shall show that he has a good and valid title to such lands in himself.

"In all controversies touching the title or the right of possession of any lands claimed by the State or by any State agency under any sale for taxes at any time heretofore made or which hereafter may be made, the deed of conveyance made by the sheriff or other officer or person making such sale, or who may have been authorized to execute such deed, shall be presumptive evidence that the lands therein mentioned were, at the time the lien for such taxes attached and at the time of the sale, the property of the person therein designated as the delinquent owner; that such lands were subject to taxation; that the taxes were duly levied and assessed; that the lands were duly listed; that the taxes were due and unpaid; that the manner in which the listing, assessment, levy, and sale were conducted was in all respects as the law directed; that all the prerequisites of the law were duly complied with by all officers or persons who had or whose duty it was to have had any part or action in any transaction relating to or affecting the title conveyed or purported to be conveyed by the deed, from the listing and valuation of the property up to the execution of the deed, both inclusive; and that all things whatsoever required by law to make a good and valid sale and vest the title in the purchaser were done, and that all recitals in such deed contained are true as to each and every of the matters so recited.

"In all controversies and suits involving the title to real property claimed and held under and by virtue of a deed made substantially as above, the person claiming title adverse to the title conveyed by such deed shall be required to prove, in order to defeat such title, either that the real property was not subject to taxation for the year or years named in the deed, that the taxes had been paid before the sale, that the property had been redeemed from the sale according to the provisions of law, and that such redemption was had or made for the use or benefit of persons having the right of redemption under the laws of this State, or that there had been an entire omission to list or assess the property or to levy the taxes or to sell the property; but no person shall be permitted to question the title acquired under such sale and deed without first showing that he or the person under whom he claims title had title to the property at the time of the sale, and that all taxes due upon the property have been paid by such person or the person under whom he claims title.

"§ 146-80. Statute of limitations. No statute of limitations shall affect the title or bar the action of the State, or of any State agency or its assigns, unless the same would protect the person holding and claiming adversely against the State. Neither the State nor any State agency, nor its assigns, shall commence any action for the recovery of damages for timber cut and removed from land owned by the State or by any State

agency or for any other act of trespass committed on such lands, more than ten years after the occurrence of such cutting, removal, or other act of trespass. The provisions of this Section shall not have the effect of reviving any cause of action which was, at the date of ratification of this Chapter, barred by any applicable statute of limitations.

"§ 146-81. Title to lands sold for taxes. The title to all land acquired by the State by virtue of being sold for taxes is hereby vested in the State of North Carolina.

"§ 146-82. Protection of interest in lands sold for taxes. Whenever any lands in which the State of North Carolina or any State agency has an interest, by way of mortgage or otherwise, are advertised to be sold for any taxes or special assessment, or under any lien, the Department of Administration is authorized, if in its judgment it is necessary to protect the interest of the State, to appear at any sale of such lands and to buy the same as any other person would. For the purpose of paying therefor, the Director of the Budget is authorized to draw upon the State Land Fund.

"Article 18.

"Miscellaneous.

"§ 146-83. Vested rights protected. No provision of this Chapter shall be applied or construed to the detriment of vested rights, interests, or estates of any private individual, firm, or corporation, acquired prior to the ratification of this Chapter.

"§ 146-84. Partial invalidity. If any provision of this Chapter or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Chapter which can be given effect without the invalid provision or application, and to this end the provisions of this Chapter are declared to be severable."

"f. With the approval of the Governor and Council of State, to make all leases and rentals of land or buildings owned by the State or by any State agency, and to sublease land or buildings leased by the State or by any State agency from another owner, where such land or building owned or leased by the State or by any State agency is not needed for current use. H. B. 699 CHAPTER 687

AN ACT DEFINING THE RESPONSIBILITIES OF THE STATE HIGHWAY COMMISSION AND MUNICIPALITIES IN PROVIDING A COORDINATED SYSTEM OF STREETS AND HIGHWAYS IN AND AROUND MUNICIPALITIES.

WHEREAS, the economic welfare of the whole State depends upon a coordinated system of streets and highways that will bring the farmer to his market, the labor force to industry, and the shopper to the business district in an effective manner, and

WHEREAS, the most pressing problem faced in providing an effective coordinated system occurs inside municipalities where responsibility for the overall street system is divided between the State Highway Commission and the several municipalities, and

WHEREAS, it has become necessary to further define the respective responsibilities of the State Highway Commission and the several municipalities in order to coordinate the rebuilding of inadequate streets and highways for the economic welfare of the whole State, and

WHEREAS, it has become necessary to take immediate steps to reduce and minimize the increasing cost of rights of way for new street and highway construction: Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. Responsibility for Streets Inside Municipalities. Responsibility for streets and highways inside the corporate limits of municipalities is hereby defined as follows:

(1) The State Highway System. The State Highway System inside the corporate limits of municipalities shall consist of a system of major streets and highways necessary to move volumes of traffic efficiently and effectively from points beyond the corporate limits of the municipalities through the municipalities and to major business, industrial, governmental and institutional destinations located inside the municipalities. The State Highway Commission shall be responsible for the maintenance, repair, improvement, widening, construction and reconstruction of this system. These streets and highways within corporate limits are of primary benefit to the State in developing a State-wide coordinated system of primary and secondary streets and highways, but many of these streets and highways also have varying degrees of benefit to the municipalities. Therefore, the respective responsibilities of the State Highway Commission and the municipalities for the acquisition and cost of rights of way for State Highway System street improvement projects shall be determined by mutual agreement between the Commission and each municipality.

(2) The Municipal Street System. In each municipality the municipal street system shall consist of those streets and highways accepted by the municipality which are not a part of the State Highway System. The municipality shall be responsible for the maintenance, construction, reconstruction, and right of way acquisition for this system.

Sec. 2. Development of a Coordinated Street System in and Around Municipalities. (a) Each municipality, with the cooperation of the State Highway Commission, shall develop a comprehensive plan for a street system that will serve present and anticipated volumes of vehicular traffic in and around the municipality. The plan shall be based on the best information available including, but not limited to, population growth, economic conditions and prospects, and patterns of land development in and around the municipality, and shall provide for the safe and effective use of streets and highways through such means as parking regulations, signal systems, and traffic signs, markings, and other devices. The State Highway Commission may provide financial and technical assistance in the preparation of such plans.

(b) After completion and analysis of the plan, the plan may be adopted by both the governing body of the municipality and the State Highway Commission as the basis for future street and highway improvements in and around the municipality. As a part of the plan, the governing body of the municipality and the State Highway Commission shall reach an agreement as to which of the existing and proposed streets and highways included in the plan will be a part of the State Highway System and which streets will be a part of the municipal street system. As used in this Act, the State Highway System shall mean both the primary highway system of the State and the secondary road system of the State within municipalities.

(c) From and after the date that the plan is adopted, the streets and highways designated in the plan as the responsibility of the State Highway Commission shall become a part of the State Highway System and all such system streets shall be subject to the provisions of G. S. 136-93, and

all streets designated in the plan as the responsibility of the municipality shall become a part of the municipal street system.

(d) Either the municipality or the Commission may propose changes in the plan at any time by giving notice to the other party, but no change shall be effective until it is adopted by both the Commission and the municipal governing board.

(e) Until the adoption of a comprehensive plan for future development of the street system in and around municipalities, the State Highway Commission and any municipality may reach an agreement as to which existing or proposed streets and highways within the municipal boundaries shall be added to or removed from the State Highway System.

(f) Streets within municipalities which are on the State Highway System as of July 1, 1959, shall continue to be on that system until changes are made as provided in this Section.

Sec. 3. Acquisition of Rights of Way. (a) When any one or more street construction or improvement projects are proposed on the State Highway System in and around a municipality, the State Highway Commission and the municipal governing body shall reach agreement on their respective responsibilities for the acquisition and cost of rights of way necessary for such project or projects. In reaching such agreement, the State Highway Commission and the municipality shall take into consideration:

(1) The relative importance of the project to a coordinated State-wide system of highways.

(2) The relative benefit of the project to the municipality.

(3) The degree to which the cost of acquisition of rights of way can be reduced or minimized through action by the municipality and/or the State Highway Commission to acquire all or part of the rights of way for proposed projects well in advance of construction of such projects.

(b) Whenever a municipality agrees to acquire rights of way for a State Highway System street improvement project, the State Highway Commission may agree to reimburse the municipality in whole or in part for expenditures made by the municipality to acquire such rights of way.

(c) In the acquisition of rights of way for any State Highway System street or highway within municipal boundaries, municipalities shall be vested with the same authority to acquire such rights of way as is granted to the State Highway Commission in Chapter 136 of the General Statutes of North Carolina.

(d) In the absence of an agreement, the State Highway Commission shall retain authority to pay the full cost of acquiring rights of way where the proposed project is deemed important to a coordinated State Highway System.

(e) Either the municipality or the State Highway Commission may at any time propose changes in the agreement setting forth their respective responsibilities for right of way acquisition by giving notice to the other party, but no change shall be effective until it is adopted by both the municipal governing body and the Commission.

(f) Any municipality which agrees to contribute any part of the cost of acquiring rights of way for any State Highway System street or high-

way shall be a proper party in any proceeding in court relating to the acquisition of such rights of way.

Sec. 4. Rules and Regulations. The State Highway Commission shall have authority to adopt such rules and regulations as are necessary to carry out the responsibilities of the Commission under this Act, and municipalities shall have and may exercise such authority as is necessary to carry out their responsibilities under this Act.

Sec. 5. The provisions of G. S. 136-41.1 and G. S. 136-37 are hereby repealed and all other laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 5 (a). This Act shall not apply to pending litigation.

Sec. 6. This Act shall be in full force and effect from and after July 1, 1959.

In the General Assembly read three times and ratified, this the 2nd day of June, 1959.

AN ACT CREATING THE DURHAM CITY-COUNTY CHARTER COMMISSION.

The General Assembly of North Carolina do enact:

Section 1. Durham City-County Charter Commission Created. There is hereby created the Durham City-County Charter Commission. The Commission shall have the duty of studying the operations of city and county government to determine whether the effectiveness of local government can be increased through changes in the structure of city and county government, and to submit a plan for changes in the structure of local government to the voters of the City and County of Durham.

Sec. 2. Membership; Terms. There shall be 11 members of the Commission who shall be chosen in the following manner:

(a) Four members appointed by the board of county commissioners, of whom two shall be members of the board of county commissioners and two shall be citizens selected by the board. The citizens selected by the board may reside either inside or outside the City of Durham.

(b) Four members appointed by the City Council of the City of Durham, of whom two members shall be members of the City Council. The other two members shall be residents of the City of Durham.

(c) Three members to be chosen by unanimous vote of the eight members provided under subsections (a) and (b). Such members may have residence either inside or outside the City of Durham. If the eight members chosen under subsections (a) and (b) cannot agree on the three additional members of the Commission, this fact shall be reported to the Resident Superior Court Judge who shall appoint three residents of Durham County to complete the membership of the Commission.

Vacancies in the membership of the Commission shall be filled by the original appointing authority.

Sec. 3. Organization of the Commission.

(a) On or before October 1, 1959, the chairman of the board of county commissioners and the Mayor of the City of Durham shall call a meeting of the Durham City-County Charter Commission for the purpose of organization. The Commission shall elect from among its members a chairman and such other officers as it may deem necessary; may adopt such rules and regulations not inconsistent with this Act as it may deem necessary for the proper discharge of its duties; and may establish such committees as the work of the Commission may require.

(b The Commission shall hold regular meetings at places and dates to be determined by the Commission, but in any event the Commission shall meet at least once monthly until its work is completed. Special meetings may be called by the chairman on his own initiative and must be called by him at the request of three or more members of the Commission. All members of the Commission shall be notified by the chairman in writing of the time and place of special meetings at least three days in advance of such meeting.

(c) The Commission shall have the power to employ technically trained and/or clerical personnel to assist it or to contract with persons, firms or corporations for special and technical services or studies.

(d) As soon as possible after its organization, the Commission shall estimate the funds which will be necessary for it to carry out its functions, and shall request appropriations from the City of Durham and from the County of Durham. It is the intent of this Act that the work of the Commission shall be supported equally by the City of Durham and by the County of Durham to the extent that public funds are used. The Commission is also authorized to accept gifts from persons, firms and corporations so long as such gifts are made available to the Commission to be used in its absolute discretion for the purposes of this Act. Appropriations to the Commission may be made from any funds available to the city and county, and an appropriation to this Commission is hereby declared to be for a special purpose within the meaning of Article V, Section 6, of the North Carolina Constitution.

(e) The City of Durham and the County of Durham shall make available to the Commission any information requested by the Commission, and they are hereby authorized to assist the Commission through gifts of necessary supplies and equipment, and temporary loans of personnel.

The treasurer of the Commission shall, before entering upon his duties, post a surety bond conditioned upon the faithful discharge of his duties in an amount and form fixed by the Commission. All moneys received for the Commission shall be deposited in a separate bank account, shall be earmarked for the use of the Commission, and shall be paid out on warrants signed by the treasurer and countersigned by the chairman of the Commission: Provided, the countersigning officer shall

countersign such warrants only when they are within the amount of appropriations made according to the budget of the Commission.

Sec. 4. Alternatives. The Durham City-County Charter Commission shall make a thorough study of governmental operations in the city and county, and as a result of their study may, at any time prior to February 1, 1961, submit to the voters of Durham County, according to the procedures set forth in Section 8 of this Act, a plan for reorganization of government in Durham County. Such plan may be based on any one of the alternatives set forth in Sections 5, 6, and 7 of this Act.

Sec. 5. Redefining City and County Responsibilities. The Durham City-County Charter Commission shall have the power to submit a plan of government based on the provisions of this Section if, on the basis of its studies, the Commission makes any one or more of the following findings: (a) That more efficient government will result from performance of a specified function or functions by one governmental unit instead of by both the city and the county governments; (b) That for the health, safety and welfare of the people of the county and/or the more effective coordination of growth and development in the county, any function now performed by the city alone should be made available to all the residents of the county or any power now exercised by the city alone should be exercised county-wide; (c) That a fairer distribution of tax burdens will result from performance or financial support by the county of a function now performed and/or financially supported in whole or in part by the city; (d) That a fairer distribution of tax burdens will result from performance or financial support by the city or by a special district of any function or functions now performed and/or financially supported in whole or in part by the county; (e) That for the health, safety and welfare of the residents of areas outside the city, municipal-type functions should be provided in such areas on a special district basis. Such plan shall be submitted in written form, and may include one or more of the following provisions:

1. Transfer of responsibility for one or more specified functions from the city to the county.

2. Transfer of responsibility for one or more specified functions from the county to the city.

3. Creation of an agency or agencies supported jointly by the city and county with power to perform one or more functions now performed by the city or the county or both.

4. Provision for the financing of all functions of government affected by changes under subsections (1), (2) or (3) of this Section. Upon the transfer of responsibility for a given function of government from the city to the county, the levy of taxes by the county for the financial support of such functions shall be a special purpose within the meaning of Article V, Section 6, of the North Carolina Constitution. Where necessary, the plan shall set forth the basis of financial support for a single agency established to perform functions for both the city and the county, either specifying the amount of support to come from the city and the county or the basis upon which the amount of support to be provided by each unit of government can be calculated.

5. Vesting in the county government any power now exercised by the city, and specifying whether such power is to be exercised county-wide or county-wide outside the jurisdiction of the city government.

6. Provision for the creation of special districts within which functions of government may be provided which are not desired county-wide. The plan shall provide that governmental activities within such districts shall be under the supervision of the county, and shall be financed by property taxes levied within the districts or service charges collected within the districts. The plan shall also provide for approval by the voters of the district of authority for the county commissioners to levy property taxes sufficient to meet the cost of services provided. The plan may provide for the election or appointment of an advisory board of citizens resident within the district to serve as liaison with the board of county commissioners. The plan may also provide for contractual arrangements between the county and the city whereby the city, under contract, shall perform municipal-type services in such urban districts.

The intent of this Section is to delegate to the Charter Commission the power to submit a plan of government for Durham County that will meet the standards set forth in the first paragraph of this Section. To this end any amendments of general or special laws applying to Durham County or the City of Durham which are found necessary to put any of the provisions of the plan into effect are expressly authorized, so long as the Charter Commission does not include in the plan any provision which is contrary to the Constitution of North Carolina or which vests in either the City of Durham or the County of Durham responsibility for a function of government not now performed by either the City of Durham or the County of Durham. The plan may also include changes in the method of selecting personnel responsible for any of the functions affected by the plan so long as such personnel provisions are not contrary to the provisions of the North Carolina Constitution, and amendments to general and special laws applying to the City of Durham and the County of Durham necessary to put such personnel provisions into effect are expressly authorized.

Sec. 6. A Unified Governing Board. The City-County Charter Commission shall have the power to submit a plan of government to the voters of Durham County which, in addition to any provision authorized in Section 5 of this Act, may include provisions based on the provisions of this Section, if on the basis of its studies, the Commission shall determine that better coordination of all local governmental activities or of expenditures of public funds in Durham County would result from the creation of a unified governing board which would serve both as the City Council of the City of Durham and as the Board of County Commissioners of the County of Durham without changing the separate corporate status of either the city or the county. Such plan shall be submitted in written form, and shall provide for:

1. Election of a governing board, all of whose members would constitute the governing body for Durham County, and part of whose members would constitute the governing body for the City of Durham. The plan shall fix the number and terms of office for such governing board members, and

may provide either for regular or staggered terms of office, so long as the maximum term of office does not exceed six years. The plan shall provide for the election of part of the members of such governing board by the voters of the City of Durham, and such members elected by the voters of the City of Durham shall serve as the City Council of the City of Durham. The plan may provide for the election of such members by the voters of the City of Durham by wards, or at large, or by any combination of wards and at large. The plan shall also provide for election of additional members of the governing board to be elected by either all the voters of the county, or by all the voters of the county outside the city, or by voters from districts established outside the city, or by any combination of such means of election. Such additional members, together with the members elected by the voters of the City of Durham, shall constitute the governing board for the County of Durham.

2. Election of an elected executive and/or an appointed administrator or manager. The plan may provide for election of a county executive, or an appointed administrator or manager, or both. The term of office of an elected executive shall not exceed six years, and he shall be the presiding officer of the governing board. The elected executive may be given any powers now held by the Mayor of the City of Durham and/or the Chairman of the Board of County Commissioners of the County of Durham, or any of the powers now held by either the city manager or the county manager. The appointed manager or administrator may be given any of the powers now held by either the city manager or the county manager.

3. The method of selection of all administrative officers of the City of Durham and the County of Durham. The plan may provide for merger of any or all of the administrative departments, agencies or offices of the county and the city, into single departments, agencies or offices under the supervision of the governing board. The plan shall, in the event of the merger of one or more administrative departments, agencies or offices, provide the extent to which or the basis under which such offices or departments shall be supported by the City of Durham and by the County of Durham.

The intent of this Section is to delegate to the Charter Commission the power to submit a plan for government in Durham County that will meet the standards set forth in the first paragraph of Section 5 and the first paragraph of this Section. To this end any amendments of general or special laws applying to Durham County or the City of Durham which are found necessary to put any of the provisions of the plan into effect are expressly authorized, so long as the Charter Commission does not include in the plan any provision which is contrary to the Constitution of North Carolina or which provides for the performance anywhere in Durham County of a function of government not now performed by either the City of Durham or the County of Durham. The plan may also include changes in the method of selecting personnel responsible for any of the functions, agencies or offices affected by the plan, so that necessary personnel may be selected in accordance with the objectives of the plan, and amends to general or special laws applying either to the City of Durham

or the County of Durham which are found necessary to put provisions of the plan into effect are expressly authorized, so long as provisions affecting personnel election or appointments are not contrary to the provisions of the North Carolina Constitution.

Sec. 7. A Unified City-County Government. The Durham City-County Charter Commission shall have the power to submit a plan of government based on the provisions of this Section if, on the basis of its studies, the Commission makes the following findings: (a) That more efficient and effective administration of governmental functions will result from performance of all governmental powers and functions by one governmental unit instead of two or more such units; (b) That more effective determination of governmental policy for the residents and taxpayers of Durham County can be made by one governing body on behalf of the entire county than by two or more such governing bodies; (c) That future growth and development in the county can be better coordinated by one governmental unit than by two or more such units; (d) That fairer distribution of tax burdens will result from support of all county-wide governmental functions by one governmental unit and support of all governmental functions specially required in areas less than county-wide in jurisdiction by the residents of such areas. Such plan shall be submitted as a written charter setting forth the organization, powers and functions of a unified city-county government, and shall include provisions for the following aspects of organization and administration:

A. Form and Structure of Government.

(1) Membership and terms of the governing board. The charter shall provide for an elected governing board, shall fix the number of members of such board, shall provide for election of such members either at large or by districts or by any combination of districts and at large, and shall fix the terms of office of such governing board members so long as the maximum term of office does not exceed six years.

(2) Administration. The charter may provide for an elected executive, or for an appointed administrator or manager, or both. The term of office of an elected executive shall not exceed six years, and he may be given any of the powers presently held by the Mayor of the City of Durham, or by the Chairman of the Board of County Commissioners of the County of Durham, or of the City Manager of the City of Durham, or of the County Manager of the County of Durham. He shall be the presiding officer of the governing board. Responsibility for administration of the city-county government may be vested in an appointed administrator who may be given any of the powers presently held by the City Manager of the City of Durham or by the County Manager of the County of Durham.

(3) Organization. The charter shall provide for the organization of all departments of the city-county government, and shall provide for the appointment or selection of all personnel found necessary to carry out the functions of the city-county government. Amendments to existing general and special laws which are found necessary to carry out the intent of this Section are expressly authorized, so long as such provisions concerning

the organization of city-county government are not contrary to the provisions of the North Carolina Constitution.

The city-county government shall be given express responsibility for all functions performed at the time the charter goes into effect by the City of Durham and the County of Durham, and the charter shall provide for employment by the city-county government at the time the charter goes into effect of every employee and full-time officer of the City of Durham and the County of Durham on such date at a salary and/or compensation equal to that received by such employee or full-time officer from the city or county. The intent of this provision is to insure that no employee or full-time officer of the city or county is deprived of employment as the sole and direct result of adoption of the charter, but shall not be construed to limit the power of the city-county government under the charter to supervise its employees or to require such government to replace every such employee or full-time officer once he has resigned or retired or been discharged for valid reasons under personnel powers set forth in the charter.

B. Powers and Responsibilities.

(1) The charter shall make the city-county government responsible for all functions presently performed by either the City of Durham or the County of Durham, and may vest in the city-county government all substantive powers presently vested by general or special law in either the City of Durham or the County of Durham which are necessary to carry out such functions. The charter shall not include any substantive power not held at the time the charter goes into effect by either the City of Durham or the County of Durham. The charter shall vest in the city-county government all the discretionary powers held at the time the charter goes into effect by either the City of Durham or the County of Durham under the provisions of special Acts or of general laws applying to either municipalities or counties, but the exercise of powers now held only by the City of Durham may be limited to the boundaries of special districts hereinafter provided for if the Charter Commission shall find that such powers are required primarily for the health, safety and welfare of persons and property in congested or rapidly-growing urban areas or communities.

(2) The city-county government shall be deemed a "city" or "town" or "municipality" under the provisions of all general laws granting powers to cities, towns and municipalities in North Carolina. The exercise of all or part of such powers may be limited to the boundaries of districts hereinafter provided for if the Charter Commission shall find that all or any part of such powers are required primarily for the health, safety and welfare of persons and property in congested or rapidly-growing urban areas or communities. If the creation of a unified city-county government conflicts with existing general and special laws applying to the City of Durham so that the powers of the city-county government are not clearly identified, provisions in the charter amending such general and special laws are expressly authorized so long as such provisions resolve such conflicts in a manner which is consistent with the intent of this Act, are not inconsistent

with the provisions of the North Carolina Constitution, and are not inconsistent with the substantive provisions of general laws defining the responsibilities of municipalities.

(3) The charter shall make the city-county government responsible for all functions vested in counties by general laws, and for all responsibilities vested in the County of Durham by special Act of the General Assembly and not inconsistent with the purpose of a unified city-county government. The city-county government shall be deemed a "county" under the provisions of all general laws granting powers to counties or fixing responsibilities for the performance of county functions. If the creation of a unified city-county government conflicts with existing general or special laws applying to the County of Durham so that the powers of the city-county government are not clearly identified, provisions in the charter amending such general or special laws and expressly authorized so long as such provisions resolve such conflicts in a manner which is consistent with the intent of this Act, are not inconsistent with the provisions of the North Carolina Constitution, and are not inconsistent with the substantive provisions of general laws defining the responsibilities of counties.

(4) The purpose of a charter to be submitted to the voters of Durham County under the provisions of this Section is to provide a unified government for Durham County. The General Assembly expressly recognizes that a unified city-county government is a new approach to the administration of governmental functions at the city and county level and that the drafting of a charter may raise many procedural questions as to the powers and responsibilities of a city-county government. Charter provisions amending general and special laws applying to the City of Durham and the County of Durham found necessary to accurately define the powers and responsibilities of a unified city-county government are expressly authorized, so long as such provisions are in accordance with the provisions of the North Carolina Constitution and are not inconsistent with the substantive provisions of general laws defining the responsibilities of cities and counties in North Carolina, and are not inconsistent with the substantive provisions of general and special laws defining the responsibilities of the City of Durham and the County of Durham.

C. Creation of Special Districts.

(1) The charter may provide for the creation of special districts by the city-county governing board in any part of the county so long as such districts embrace an area less than the entire county. The charter may provide for the performance within such districts of governmental functions which are not provided on a county-wide basis so long as such functions are paid for only by taxes levied in or revenues accruing to such districts.

(2) The charter may provide for the creation of such districts by the city-county governing board either on the basis of a petition signed by a specific proportion of the property owners in the district or on the basis of an election within the proposed district or on the basis of a finding by the city-county governing board that creation of the district is necessary for the health, safety and welfare of the residents of the district. The charter may provide either (1) that a separate governing board be elected

in each such district with the power to levy taxes and administer functions and services made the responsibility of the district, or (2) that the city-county governing board administer all functions and services made the responsibility of the district and levy taxes for the support of such functions and services within limits fixed in the charter and specifically approved by a vote of the people resident in each such district at the time the charter is adopted or at the time the district is created. In fixing limits on ad valorem property tax rates which may be levied by the city-county governing board for the support of district functions and services, the charter shall not permit the city-county governing board to levy a rate in excess of two dollars ($2.00) per one hundred dollars ($100.00) valuation.

(3) The charter shall make provisions for the organization and administration of such districts to the end that such districts shall have the power and authority necessary to perform the governmental functions and services to be provided in such districts. Charter provisions providing the procedure for the creation of such districts, setting forth the powers and functions of such districts, and providing for the administration of district functions and services are expressly authorized so long as such provisions are not contrary to the provisions of the North Carolina Constitution, and do not grant such districts substantive powers or permit the city-county governing board to exercise in such districts substantive powers greater than the substantive powers held by either the City of Durham or the County of Durham at the time the charter goes into effect. The charter shall provide for the alteration or extension of the boundaries of such districts in any manner provided by general or special law at the time the charter goes into effect for the extension of the boundaries of special districts or municipalities in the State of North Carolina.

D. Financing City-County Government.

(1) The charter shall provide for the financing of the city-county government in either one of two ways. It may make the city-county government subject to general legislation governing the financing of counties, and of any special legislation governing the financing of Durham County, and upon the adoption of such a provision, taxes levied for the support of functions formerly performed by the City of Durham and taken over by the city-county government on a county-wide basis shall be for a special purpose and shall be a necessary expense for the city-county government. In the alternative the charter may provide that general and special legislation governing the financing of Durham County at the time the charter is adopted shall apply to the financing by the city-county government of functions of government the responsibility for which is vested in Durham County by general and special legislation at the time the charter is adopted, while general and special legislation governing the financing of the City of Durham at the time the charter is adopted shall apply to the financing by the city-county government of functions of government the responsibility for which is vested in the City of Durham at the time the charter is adopted. It is the intent of this Act that effective procedures be established for the financing of a unified city-county government within the general policies set forth for the financing of city and county governments in

North Carolina by general legislation concerning budget-making, fiscal control, the incurrence of debt and other financial procedures, and charter provisions amending such general laws or special legislation on such procedures applying to either the City of Durham or the County of Durham which are found necessary to more accurately set forth the procedures governing the financing of the city-county government and to eliminate apparent procedural conflicts with general and special legislation applying to the city and the county are expressly authorized, so long as they are not inconsistent with the provisions of the North Carolina Constitution.

(2) The charter shall provide for the assumption by the city-county government of responsibility for all obligations and debts which are presently the responsibility of the City of Durham and the County of Durham. If in the charter a special district is created to include the present boundaries of the City of Durham, the charter shall make the property owners within that district responsible for that part of the outstanding debt or other obligations of the City of Durham which was incurred to provide facilities which are to be used solely for the benefit of, or provision of services to, residents of such district.

(3) The charter may authorize special districts to contract debt, subject to the approval of the city-county governing board, in accordance with procedures now applicable to the City of Durham by general or special Act. Where the creation of special districts creates procedural conflicts with such general or special legislation, charter amendments to set forth more accurately the procedures to be followed in incurrence of debt by such districts are specifically authorized, so long as such procedures are consistent with the provisions of the North Carolina Constitution and are consistent with the substantive provisions of such general and special legislation.

(4) The charter shall specifically set forth the power of the city-county governing board, and the power of special districts, to levy taxes and raise revenues for all functions of government to be performed by such city-county government or such special districts. The charter may give the city-county government all powers vested in the City of Durham by general or special Act at the time the charter is adopted to assess the cost of local improvements such as streets, drainage facilities, and water and sewer lines against abutting property owners, or it may limit the exercise of such powers to the boundaries of special districts if the Commission determines that such improvements are necessary for the health, safety and welfare of the residents of such districts alone. The power of the city-county government to levy taxes on real and personal property shall not exceed the total powers vested in the City of Durham and the County of Durham at the time the charter is adopted.

(5) With respect to all general and special legislation providing for a distribution of State revenues to counties, the city-county government shall be deemed to be a "county". With respect to distributions of revenue now made to municipalities under the provisions of G. S. 105-213 (intangibles tax) and G. S. 18-81 (beer and wine tax), special districts created under the provisions of the charter shall be deemed to be "municipalities"

or "cities and towns". With respect to distributions of revenues now made to municipalities under the provisions of G. S. 105-116 and 120, the city-county government shall be deemed to be a "municipality". With respect to distributions of revenue now made to municipalities under the provisions of G. S. 136-41.2, the city-county government shall be deemed to be a "municipality" if the charter vests responsibility in the city-county government for the construction, reconstruction and maintenance of all streets and highways in the county which, under the provisions of Chapter 136 of the General Statutes, are not a part of the State primary highway system or of the State secondary road system within municipalities. If responsibility for the construction, reconstruction and maintenance of non-State system streets and highways within the City of Durham at the time the charter is adopted is vested in a special district, then such special district shall be a "municipality" within the meaning of G. S. 136-41.2. With respect to the power of local political subdivisions to levy and collect privilege license taxes, the city-county government shall be deemed to be a "municipality" or "city or town" within the meaning of G. S. 160-36 and Article II of Chapter 105.

E. Transition Provisions.

The charter shall fix the effective date on which the new unified city-county government shall go into effect, and shall provide for all transitional steps necessary to transfer all responsibilities, property, revenues and obligations of the present City of Durham and the present County of Durham to the new unified city-county government and to any district government established under such government.

Sec. 8. Approval of the Plan.

(a) When the Durham City-County Charter Commission has completed its study and has prepared its recommendations in the form of either a written plan or a new charter, the Commission shall hold one or more public hearings on its recommended course of action. The notice of public hearings shall (1) fix the date, hour and place of the public hearing or hearings; (2) state the purpose of the hearing and state that the text of the plan or charter will be available at the office of the municipal clerk and at the office of the county manager at least 14 days prior to the date of the public hearing. Such notice shall be given by publication in a newspaper having general circulation in Durham County for at least two successive weeks prior to the date of the first hearing.

(b) Action prior to hearing. At least 14 days before the date of the public hearing, the City-County Charter Commission shall deposit the full text of its proposed plan or charter with the municipal clerk of the City of Durham and with the County Manager of the County of Durham and such plan or charter shall be available to the public at such office. In addition the City-County Charter Commission shall have authority to publish the full plan or charter, or a summary of such plan or charter, for such public distribution as it deems it desirable.

(c) At the public hearings all persons resident or owning property within Durham County shall be given an opportunity to be heard.

(d) Following the public hearing, the City-County Charter Commission shall make whatever changes in the plan or charter that it deems desirable, and shall then forward the plan or charter to the Durham County Board of Elections. Upon receipt of the plan or charter, the Durham County Board of Elections shall fix the date for the voters of the County of Durham to vote for or against the proposed plan or charter. The election may be held on the general election day in November of 1960, or on any other date fixed by the Durham County Board of Elections so long as such election date does not fall within 20 days before or after the general election date of November, 1960 and so long as such election is held prior to February 1, 1961. The election shall be held in accordance with the laws governing general elections in Durham County, and the expenses of such election shall be paid one half by the City of Durham and one half by the County of Durham. The form of the ballot shall be substantially as follows:

( ) For Plan (Charter) proposed by Durham City-County Charter Commission

( ) Against Plan (Charter) proposed by Durham City-County Charter Commission.

Sec. 9. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 10. Effective Date of Plan or Charter. If the plan or charter is approved by a majority of the voters of the County of Durham voting in the election, then such plan or charter shall be in full force and effect from and after July 1, 1961, and the plan or charter shall call for the changes in governmental structure and organization to go into effect not later than July 1, 1962.

Upon payment of all fees and penalties which may be due, the license of such osteopath shall be reinstated."

Within a reasonable time after the ratification of this Act and within such period as is practicable, said jury commissioner, after thorough investigation, shall prepare and lay before said Resident Judge of the Second Judicial District a list of the residents of Beaufort County whom said commissioner affirmatively finds to possess those qualifications enumerated in G. S. 9-1, as prospective jurors in the Superior Court of Beaufort County for the period ending June 30, 1962. Not later than June 30th of each even year thereafter, said commissioner shall likewise prepare and lay before said judge a list of the residents of Beaufort County as prospective jurors in the Superior Courts of Beaufort County whom said commissioner affirmatively finds to possess those qualifications enumerated in G. S. 9-1. There shall be exempt from jury duty, and said commissioner shall not include in said lists, those persons designated by G. S. 9-19.

Sec. 3. Upon receipt of said list of prospective jurors, the resident judge of said district shall examine the same to ascertain if the laws of North Carolina have been complied with in the preparation of said list. If any irregularity is found in said list or in its preparation, said judge shall return the same to said commissioner with his reasons noted thereon and said commissioner shall thereupon correct said irregularities. When said judge affirmatively finds said list of prospective jurors to have been prepared in conformity with the laws of North Carolina, he shall approve the same and endorse thereon "Approved Jury Roll of the Superior Court of Beaufort County for the Period Ending June 30, 19....." and shall sign said approval and return said jury roll to the Jury Commissioner of Beaufort County.

Sec. 4. Said jury commissioner shall file said jury roll in the office of the Clerk of the Superior Court of Beaufort County. Said commissioner shall endeavor to keep said jury roll currently correct by noting opposite the appropriate name those persons who, since the preparation of said list, have died, or who have removed from Beaufort County, or who have otherwise become disqualified for jury duty.

Sec. 5. Said jury commissioner, for his own information in anticipating and preparing future jury lists, shall endeavor to keep in his files but not as a part of the approved jury roll, a current list of those persons becoming twenty-one years of age residing in Beaufort County, or adult persons moving into Beaufort County, and meeting the qualifications enumerated in G. S. 9-1. The list of prospective jurors, as distinguished from the approved jury roll, shall not be deemed a public record.

Sec. 6. Upon receipt of the approved jury roll from said judge, the jury commissioner shall prepare a scroll for each name appearing on said approved jury roll, listing on said scroll the name, age, sex and address of said juror. After the preparation of said scrolls, said jury commissioner, in the presence of the Clerk of the Superior Court, Register of Deeds, and Sheriff of Beaufort County, shall empty and destroy the contents of the jury boxes of Beaufort County and shall place in Jury Box No. 1 of said county the scrolls so prepared by him from the approved jury roll of said county for the then current period. The Clerk of the Superior Court of Beaufort County shall be the custodian of the jury boxes of said county.

Sec. 7. Not later than twenty (20) days before the convening of each week of the Superior Court of Beaufort County, the Resident Judge of the Second Judicial District of the Superior Court of North Carolina, after investigation by him concerning the jury needs for said court, shall advise the Clerk of the Superior Court of Beaufort County to draw a designated number of scrolls from Jury Box No. 1 as the jury panel for said week of court. Said clerk shall thereupon, in the presence of the sheriff and register of deeds of said county, cause a child under the age of ten (10) years to draw from Jury Box No. 1 the designated number of scrolls, and shall certify the list of names so drawn to the Sheriff of Beaufort County. The sheriff of said county shall cause the persons so certified to him to be summoned as jurors for the week of the Superior Court of Beau-

fort County for the week so designated. After the drawing of said scrolls from Jury Box No. 1 by said child, the scrolls so drawn shall be returned by said Clerk of the Superior Court to Jury Box No. 2. If at any time the scrolls in Jury Box No. 1 shall be exhausted, the drawing of needed scrolls shall continue from Jury Box No. 2 after said box has been well shaken.

Nothing contained in this Section shall prohibit any judge presiding over the Superior Court of Beaufort County at any term of said court from directing the drawing of any special panel or venire, or any additional regular or talis jurors, if he finds that such need exists.

In the event any judge of the Superior Court of North Carolina, while presiding over the courts of another county of the State, shall direct the drawing of a special venire from Beaufort County, such venire shall be drawn in the same manner as is herein provided for the drawing of a regular panel for Beaufort County.

If, at the time of the drawing of any panel or venire, regular or special, the Clerk of the Superior Court, or the register of deeds, or the sheriff of said county is ill or absent from said county, or for other reason unable to attend said drawing, his or her assistant or chief deputy shall attend and act in his or her absence.

Sec. 8. At the first term of criminal court in the Superior Court of Beaufort County following the ratification of this Act and after the placing of the scrolls in Jury Box No. 1 by said jury commissioner, as provided by Section 6 of this Act, the judge presiding at said term shall cause eighteen (18) names to be drawn, in the manner now provided by law, as a grand jury in the Superior Court of Beaufort County. The first nine (9) names so drawn shall serve as grand jurors until the first criminal term of said court next after the ensuing January 1, and until their successors are drawn and sworn. The other nine (9) names so drawn shall serve as grand jurors in said court until the first criminal term of said court next after the ensuing July 1, and until their successors are drawn and sworn. Thereafter, at the first term of said court for the trial of criminal cases after July 1st and January 1st of each year, the judge then presiding over said Superior Court of Beaufort County shall cause nine (9) names to be drawn from the jury panel for said term in the manner provided by law, and the persons so drawn shall be sworn and shall serve as grand jurors in the Superior Court of Beaufort County for the twelve (12) months following their drawing, and until their successors are drawn and sworn.

At each term of said court when new grand jurors are drawn, the presiding judge shall designate some member from said body as foreman of the grand jury and such designated person shall be sworn as foreman of the grand jury and shall serve in that capacity until a new foreman is designated and sworn as such. At any criminal term of said Superior Court of Beaufort County, when it appears to the presiding judge that any member of the grand jury has died, removed from the county, or otherwise become ineligible to serve on said grand jury since the last criminal term of said court, said presiding judge may cause another name to be drawn from the panel, in the manner provided by law, to fill the unexpired period

of such absent grand juror, and the person so drawn shall be sworn as a member of said grand jury for said unexpired period.

Sec. 9. All laws and clauses of laws in conflict with the provisions of this Act are hereby repealed.
